Jacksonville, FL - Florida-based Rainbow Notary and Nuptials assures the legality of documents they notarize remotely.

Rainbow Notary and Nuptials says they use a remote online notary platform with KBA, or Knowledge-Based Authentication, which confirms the signer's identity and a license or passport analysis. The software enables customers and notaries to have a face-to-face video conference that is recorded, kept for ten years, and ensures that the transaction is confirmed and safe.

With this, the provider of the Best Notary Services in Jacksonville assures the legality of the documents they handle, including real estate closings, banking, brokerage changes, and so much more.

"This Remote Online Notarization option is safe and secure," the company emphasized.

The company remotely notarizes papers for customers, whether they are across town or in another country. With this invention, consumers and businesses may expedite the transactions they must complete. Clients

may sign documents using a smartphone, tablet, or computer from anywhere globally and email them to Rainbow Notary and Nuptials. The notary then delivers the papers to the Florida Secretary of State on the same day and sends them back to their clients.

Rainbow Notary and Nuptials currently has five Notaries Public serving Jacksonville. They are Selecia Young-Jones, Beth Briand, Glenn Guiler, Kornika King, and David A. Baumann. According to Rainbow Notary and Nuptials, they are all licensed to do mobile notaries.

The Florida-based firm launched its remote internet notarization service in 2020 and has since served many customers in the region. In addition, the global pandemic caused by the Covid-19 virus, which also severely afflicted the United States, underlined the relevance of their remote online notary even more. The remote online notary has made it possible for clients to "meet" with notaries in a limitless number of situations.

Rainbow Notary and Nuptials says that contact-free service may be here to stay in light of the ongoing fight against the Covid-19 outbreak. Consequently, they say individuals must adapt to technology with a keen emphasis on people.

Besides Jacksonville, they also provide remote notaries in Daytona and Treasure Coast, North Central Florida, Central Florida, Capitol City, Miami, St. Petersburg, Sarasota, and Tampa. All of their services come with a complimentary consultation. In addition, they prioritize the demands of their customers while providing individualized service.
