

SCE Auto Takes Pride In Its ASE-Certified Mechanics

June 30, 2022

June 30, 2022 -
Hilton Head, SC - South Carolina?s trusted vehicle repair and service company, SCE Auto, takes pride in its Automotive Service Excellence or ASE-Certified Mechanics.

ASE certification means dealing with an automotive professional for vehicle repair and service. Only professionals who have been independently tested and passed the standards and required training are given this certification.

To be certified, mechanics have undergone some stringent requirements to demonstrate their technical expertise and detailed understanding of automotive service. They should complete two years of on-the-job training in automotive repair and service or one year of experience plus a 2-year degree in auto repair. They also have to pass several challenging ASE Certification tests. These can include numerous tests, each with many dozens of questions covering various areas such as automatic transmissions, brakes, electrical, emissions, engine performance, engine repair, heating, air conditioning, radiators & cooling systems, and suspension & steering. Mechanics also have to get recertification every five years to ensure that they are up to date on the ever-changing latest technologies, equipment, and techniques.

The Best Mechanic Hilton Head ensures that their repair and service is done by someone who truly understands everything about vehicles. ?We know how to make a proper diagnosis and repair a vehicle properly. It?s worth paying a little extra for someone who is verifiably experienced, knowledgeable, and up to date,? they say.

SCE Auto says being ASE-certified enables them to meet their customers? expectations. The full-service car repair company focuses on European and import vehicles such as VW/Audi, Mercedes, and BMW. However, they also take pride in their expertise on all makes and models and welcome all vehicles.

The trusted company says its primary aim is to ensure businesses no longer worry about their vehicles. SCE Auto is ready to serve all of the automotive needs in Hilton Head with their ASE-certified mechanics. They offer professional assistance on the following services: Auto Service, Brakes, Tire Service, Oil Change, Custom Fabrication, Chassis & Suspension, ECU Tuning, and Fleet Maintenance.

?If there?s something ?off? with a car?s brakes, battery, alignment, or tire pressure, our team here at SCE Auto will catch it during an inspection and bring it to our client?s attention,? they add.

To schedule a service with the Hilton Head Auto Experts, clients may call 843-804-8311 or complete the contact form on their website. For more details about SCE Auto, they may visit https://www.sceauto.com/. SCE Auto is located at 19 Cardinal Road, Ste. 2-A Hilton Head, SC 29926.
