Suffolk County DWI lawyer Jason Bassett releases a new article (<https://jbassettlaw.com/are-dwi-checkpoints-illegal-in-new-york/>) explaining the meaning of a DWI Checkpoint. The lawyer mentions that driving can be stressful especially since police on Long Island closely monitor traffic violations. Law enforcement is particularly strict when it comes to drunk driving. The punishment for a DWI offense can be life-changing.

“If you are stopped on the road in NY at an intoxication checkpoint, it is important to know whether the officer had the right to set up the DWI checkpoint, to begin with, if the checkpoint was conducted legally, and what you can legally be compelled to do in this situation,” says the Suffolk County DWI lawyer.

The lawyer explains that a DWI checkpoint is also called a “sobriety checkpoint” or “DUI roadblock”. This is a location set up by law enforcement to stop vehicles, make observations, and test drivers for alcohol or drug intoxication.

Attorney Jason Bassett adds that police officers are supposed to follow past legal decisions when it comes to the specific sequence or pattern they should use to stop the vehicles. If they aren't going to stop every vehicle, they need to come up with another impartial basis such as stopping every third car.

In the article, the lawyer says that the DUI checkpoint should have safety precautions so that drivers can stop or drive through the checkpoint safely. There should be signs informing drivers about the checkpoint along the road leading up to it.

According to the DWI attorney, "In New York, it is perfectly legal for the police departments to set up sobriety checkpoints where officers may stop and check drivers for a short time to find out if they are driving in a state of intoxication. However, these checkpoints have to conform to the legal limitations placed upon them and must be conducted in a fair and impartial manner."

Lastly, attorney Jason Bassett emphasizes the importance of having a skilled DUI lawyer when facing drunk driving charges. An experienced DUI lawyer may be able to help the accused receive a more favorable outcome and avoid the negative impacts of a DWI charge.
