

Four Pledges are an Integral Part of the Success Story for a Central Florida Roofing Company

July 25, 2022

July 25, 2022 - PRESSADVANTAGE -

Winter Haven, FL- based Mighty Dog Roofing is a company that has worked hard to establish itself as one of the most respected exterior contractors in its area. Much of this is due to the skill of its experienced roofing crews but there are other contributing factors as well. This includes four pledges that Mighty Dog Makes to every customer that the company takes on projects for.

The company founder, Elliot Cohen, talked more about these four pledges that they make to everyone that trusts his company to do quality roofing and other exterior work for them. He proclaimed that it all starts with what he refers to as "top dog communication". Something which has to do with them being constantly in touch with customers throughout the project. This is so they know what is going on every step of the way as the work commences. They even have a dedicated 24-hour customer service support team to help them fulfill this part of their pledge to their customers. Another important company pledge is for Mighty Dog Roofing of Central Florida to provide on-time service. The company founder stated, "When we say we are going to be there, we will. We value you your time and resources and appreciate you choosing us to care for your home."

There is also the pledge to keep the work environment during any roofing or other exterior project as clean as possible. Something that is greatly aided by the state-of-the-art equipment that the company uses. They also go to great lengths to protect landscaping, air conditioning units, and other sensitive areas of a jobsite. No job the company does is also ever considered to be complete unless a thorough cleanup of the work area has taken place. Last and most importantly, Cohen stated they are a company that pledges to be honest and hold themselves to the highest for of integrity. This is evidenced by the fact that they not only do what they say they are going to do but also stand behind their work for years to come with their Mighty Warranty Plus Watchdog Maintenance Program.

This 5-star review from Harry Becker shows that people do recognize that this Central Florida roofing company strictly adheres to its four pledges. Becker stated, "After inspection of my roof, I was informed by

Mighty Dog Roofing that my asphalt shingles didn't need replacement at this time. This leads me to believe that this company is honest. I would definitely recommend this company for your roofing needs.?

Cohen went on to say that roof repairs are the company's most requested exterior service. Mighty Dog Roofing offers a wide variety of both residential and commercial roof repair services. They are especially well-known for doing residential whole roof replacements. A process which their crews take much pride in from the initial inspection to the completion of the project. This company has also become very well-known when it comes to all types of window replacements and repairing and replacing a wide variety of gutters and downspouts. He says that they can even drastically improve the exterior looks of any home by installing new siding on it.

The company founder added that they also strive to be one of the most comprehensive roofers in the Lakeland, Winter Haven, and other Southwestern Orlando, Florida areas. Something that goes well beyond their excellent customer service and the company's commitment to its four pledges. He says they also have no problems doing roof and exterior inspections for their customers and then following up those inspections with detailed and accurate estimates. A process that may even include the use of advanced drone technology. Also mentioned was that their crews never cut corners on a job, and they only use the highest quality materials that are available in the marketplace.

Cohen says that those that would like more information on any of the roofing or other exterior services that Mighty Dog Offers can contact them by phone, email, or by filling out and sending in the form that pops up on their website pages.
