

Cambridge Electronics Incorporated Announces That Student TV & Internet Offers Are Back For 2022

July 21, 2022

July 21, 2022 -

Cambridge Electronics Incorporated has announced that it is bringing back its Back To School offer on TELUS TV & Internet services for 2022. The offer, which was last made available in 2021, can now be availed of by students who are currently attending a post-secondary institution.

A spokesperson for the Fort Saskatchewan TELUS Mobility Dealer shared the announcement of the 2022 Back To School offer by saying, "We have some exciting news! The much-loved Student TELUS TV & Internet offers are back! Starting now until September 30th, eligible students can take advantage of a \$25 discount on Internet + Pik TV as well as a \$5 discount on TELUS Online Security for 12 months. This offer is even richer than our Back To School offer from 2021. So, make sure to take advantage of it and go LOUD & PROUD."

According to Cambridge Electronics Incorporated's 2022 Back To School offer, eligible Canadian post-secondary students can save \$25 per month for 12 months, with no commitment, on TELUS Internet services. This offer is only available to students in Alberta and British Columbia. Students who avail of the offer are also required to sign up for Pik TV, TELUS's Live, and On Demand Streaming TV service.

The spokesperson commented on the TELUS Internet and Pik TV combo offer by saying, "As someone pursuing higher education these days, you just can't limit yourself to books anymore. Whether it be remote classes or online courses from websites like Coursera, there are endless opportunities on the internet to level up. So much of higher education today has moved online that it would be difficult to go through a productive school day without having access to a fast and reliable internet connection. You need to seamlessly load learning resources like large documents and videos, some of which might be from the world wide web, and others that might be hosted by the educational institute itself. The speed and stability of TELUS's Internet services are unparalleled for these tasks and, as a student, you can now enjoy its benefits with a hefty discount for the first 12 months. Moreover, it doesn't have to be all work and no play for you either. On off days or between classes you too deserve a break from the grind. Whether you choose to duke it out with other players in a multiplayer game or relax with your favorite TV shows with the bundled Pik TV subscription, TELUS's 2022 Back To School offer ensures that you will be refreshed to take on the challenge of yet another school day."

The offer from Cambridge Electronics Incorporated also includes TELUS Online Security (TOS), which TELUS bills as Canada's most comprehensive all-in-one protection solution. It is a collaboration between Norton Security and TELUS, which offers the widest selection of security services to customers across Canada, including home, business, and online security. As part of the offer, new TOS accounts can receive \$5 off on TOS Standard for 12 months.

The 2022 Back To School offer is available to new TELUS customers who are currently attending a post-secondary educational institution. Students who availed of the 2021 Back To School offer and are currently attending a post-secondary institution are also eligible for renewal. Moreover, some existing customers who have Internet MTM with TELUS are also eligible for the student offer if they are currently attending a post-secondary institution. The 2022 Back To School offer is scheduled to end on end-of-day September 30, 2022.

Cambridge Electronics Incorporated specializes in sales and service for all TELUS mobile cellular phones, smartphones, Apple iPhones, mobile internet keys, tablets, and a wide variety of cellular accessories. The store also provides exceptional service for TELUS Optik TV and TELUS Satellite TV orders. The Fort Saskatchewan store also serves nearby Edmonton, Sherwood Park, Strathcona County, Sturgeon County, Gibbons, Redwater, Bruderheim, Lamont, Smoky Lake, and surrounding areas.

Fort Saskatchewan customers can contact Cambridge Electronics Incorporated at (780) 998-9551 or info@mobilityhelp.com.
