Roofers in Torrington CT With New Website Receive Another Five Star Review

July 19, 2022

July 19, 2022 -

SJ Winn Construction, a roofing company based in Torrington, CT, which has recently launched its new website, is proud to announce that they have recently received another five-star review on Google. The company that has a team of professional roofers is used to receiving highly positive reviews and has developed a reputation of being one of the leading GAF-certified roofing companies in Torrington and surrounding areas.

In the above-mentioned customer review, Jared gave them a five-star rating and said, ?Scott and crew replaced a roof from an insurance claim. They did an excellent job and at all times were timely, professional, and knowledgeable. If you plan on hiring a company to work on an insurance claim, definitely speak with Scott and get him involved, he's very good and savvy at dealing with them. Highly recommend.?

Storm damage restoration is one of their specialties, ensuring that a home will have a reliable roof again after having been damaged during a storm, whether it was due to strong winds or a wayward tree branch that caused destruction to some shingles. For homeowners who suspect their roof has suffered some damage after a storm, it will be a good idea to call on a local roofing contractor to conduct an inspection of the roof for

storm damage. Fortunately, one of the key services provided by SJ Winn Construction is roof inspection. Homeowners can schedule a Torrington roof inspection and they will go to the home at the time and date specified. Their expert roofers will conduct a comprehensive survey and they will look for leaks, worn-out areas, water damage, and missing, broken, or loose shingles. Once the inspection has been completed, they will provide a free estimate.

With regards to the latest SJ Winn Construction customer review, company owner Scott Winn says, ?We are certainly proud to have received another five-star review from one of our customers. We would like to express our gratitude to our customers, like Jared, who have taken the time to leave us a review. We welcome all kinds of feedback from our customers, whether good or bad because without feedback we will never know how we are doing in terms of our goal of providing excellent customer service. Rest assured that we will continue to use the best quality materials and roofing to protect your homes from the elements.?

For roofs that have suffered major damage or are too aged so as to be impractical to repair, a roof replacement will be needed. While a roof replacement may seem to be a costly project, it can save thousands of dollars in the future. Homeowners can be assured that they have a reliable roof over their home and will be spared from being fearful that their roof will suffer major damage, especially during a storm. Some of the telltale signs that a full replacement?rather than a few repairs?is required include: seeing sunlight through the cracks; damaged flashing; water leaking from the roof; the roof is old and no longer covered by its warranty; and there are many missing shingles or tiles.

Founded in 2007, SJ Winn Construction is headquartered in Winsted, CT, and provides roofing services to their local neighborhood and surrounding areas. They provide various kinds of roofing services, such as roof inspection, roof replacement, and storm damage restoration and they have earned the status of being a GAF-certified contractor to ensure that homeowners and other property owners will have peace of mind in the knowledge that the service is provided by properly insured and licensed roofing professionals. This certification implies that customers are given the best warranties available in the industry and they have access to the most premium roofing materials available in the US, offering customers extra ice, UV, and weather resistance protection.

Those who are looking for roofers in Torrington CT and neighboring areas can check out the SJ Winn Construction website, or contact them on the phone or through email. They are open from 8:00 am to 4:00 pm, from Monday to Friday.
