

Lexington Economic Update: Economic Development Projects, Reduction in Gas Prices and State Real Property Taxes, and More

July 21, 2022

July 21, 2022 - PRESSADVANTAGE -

Kentucky Title Loans - (859) 203-2810, a financial services firm based in Lexington, KY, with website at <https://kentuckytitleloans.net/locations/lexington-ky-40504/>, has noted with excitement the economic development report made by Kentucky Gov. Andy Beshear. The Governor emphasized two economic development projects in the commonwealth with more than \$2.5 million in investment and which are expected to provide 50 full-time jobs. He also announced that the leaders at Accuride Corp. have made a commitment to invest \$2 million in their Henderson County facility, which will create 15 well-paying jobs for residents of Kentucky.

A representative for Kentucky Title Loans says, "It is good to hear about the positive news surrounding the Lexington, KY economy."

The Lexington economy seems to be headed in the right direction and Kentucky Title Loans is glad because this bodes well for businesses. However, even with such good news regarding the economy, some people and their families might still find themselves in a situation where they need to get some emergency cash because of unplanned expenses, including hospital and medical bills. And some people may want to do some traveling and get some well-deserved vacation but traveling expenses can be quite high and some may realize that they don't have enough funds for such expenses.

Whatever the reason for the need for some cash, Kentucky Title Loans is ready to offer emergency cash with the car or vehicle title as the collateral. The title loans Lexington, Kentucky residents can get represent one of the quickest ways of getting the much needed cash for paying off unexpected hospital bills, for traveling and for going on a vacation, and more. The financial reps at Kentucky Title Loans will be working with each particular customer to create a tailor-fitted plan for getting the money and then making the payments.

Meanwhile, some people might be worried that their poor credit history will exclude them from taking

advantage of the financial help offered by Kentucky Title Loans. The good news is that they can still get approved. The reason is that the approval will be based simply on the current market value of the car or vehicle and the ability of the borrower to make the payments. They just need to ascertain that the car or vehicle title has no lien attached to it, and the applicant is the one who is named in the vehicle title. They also want to point out that they offer low and competitive rates, and the interest rate will be reduced each month, once a payment has been made. And it is the vehicle title that will be used as the collateral, which is why the title is one of the documents to be submitted. And the borrower will continue to drive the vehicle even after the emergency cash has been released. They will hold on to the title but will return it once all payments have been completed.

The amount of funds that can be obtained from Kentucky Title Loans will be dependent on the value of the vehicle but up to a limit of \$50,000. Those who would like to apply for the financial assistance will simply need to undertake three steps. First, they will need to accomplish an online application form on their website, which will allow them to find out if they can qualify within just a few minutes. In the second step, the applicant will submit a few documents, such as: proof of residency, the car title and car insurance, proof of identity, and proof of income. And finally, Kentucky Title Loans will provide the emergency cash to the customer, usually within less than 24 hours.

Those who would like to know more about the financial services provided by Kentucky Title Loans - (859) 203-2810 can visit their website, or contact them through the telephone or via email.
