

EPS Landscaping & Tree Service Offers Lawn Care Services in Pembroke Pines FL

July 29, 2022

Pembroke Pines, Florida - July 29, 2022 - PRESSADVANTAGE -

EPS Landscaping & Tree Service LLC, a company that offers residential and commercial landscaping in Pembroke Pines, wants to emphasize that they are offering lawn care services in Pembroke Pines and the whole of Broward County. They have developed a reputation of being a reliable provider of lawn care services in the area. And proof of their highly satisfactory service are the rave reviews they have been getting from clients. On Google, they have an overall rating of 5.0 out of 5 stars. In a recent review, Mike L. gave them a five star rating and said, "Extremely professional. Neat and careful. Treats the property like it's their own. I highly recommend EPS Landscaping for your property needs."

A key lawn care service provided by EPS is their lawn mowing services. Their lawn mowing services go beyond just the use of lawn mowers. They offer comprehensive packages that ensure the lawn looks flawless and attractive. A important component of lawn care is grass cutting. At EPS, they employ high quality and top of the line tools and landscaping service and they base the schedule of their visits on Pembroke Pines area weather patterns. Lawn trimming is the other component of their lawn care services. EPS will take care of both grass cutting and lawn trimming to ensure that the lawn has a fresh-cut look.

And EPS doesn't just provide its lawn care services to residential properties. They also offer commercial lawn mowing services in Pembroke Pines and neighboring areas. This is because curb appeal is not just for homes. Commercial properties may benefit from better curb appeal as well. This is because people like to do business with companies that have buildings and offices that look good. And a healthy and well-maintained lawn can contribute a lot to a commercial building's appeal. Commercial lawn cutting packages offered by EPS will allow them to visit the commercial property regularly and perform mowing and trimming services.

EPS Landscaping & Tree Service LLC offers lawn maintenance services for both residential and commercial buildings. Aside from lawn cutting and trimming, they also offer: lawn fertilization; lawn fungus treatment and weed control; lawn reseeding; and lawn insect control.

Lawn fertilization is important to ensure that the grass will grow, survive, and then thrive. The experts at EPS know the best possible fertilizer and how to use exclusive equipment. They will also ensure to apply best industry practices, such as the amount of fertilizer to use, the timing, and the application. Adding fertilizer is important because key nutrients that the lawn can't always receive naturally can be provided.

EPS Landscaping & Tree Service is a family owned and operated company in Pembroke Pines, Florida that offers landscaping, lawn care, and tree services in the Broward County area, especially in Pembroke Pines, at affordable prices while making sure that they always deliver the best quality services. They have been in the business for over 20 years and they deliver their services to various areas in Broward County, such as Hallandale Beach, Southwest Ranches, Coral Springs, Hollywood, Deerfield Beach, Dania Beach, Fort Lauderdale, Pompano Beach, and Pembroke Pines. They are a full-service landscape and tree services company that has developed a solid reputation for being a reasonably priced, professional and dependable company. They are committed to offering the best possible service with regards to integrity, service, and safety. They will always provide honest estimates and homeowners and other property owners rest assured that they will always get the most affordable price in Pembroke Pines and Fort Lauderdale for the kind of service that they need.
