Orange, California - August 10, 2022 - PRESSADVANTAGE -

Motorcycle accident victims from Southern California, who are looking for the best personal injury lawyer Orange County has to offer, can avail themselves of the legal services provided by Alexander Napolin Esquire. With over a decade of experience in practicing personal injury law, Alexander Napolin offers the best chance that motorcycle accident victims have to get the compensation that they are rightfully owed.

Motorcycles are inherently more dangerous to ride compared to other enclosed vehicles such as cars, vans, buses, or trucks. The slightest error while on a motorcycle, whether due to the rider's fault or not, can lead to severe injuries that can potentially debilitate the victim for the rest of their life. No matter how comfortable one feels on a motorcycle, no amount of vigilance and alertness is enough to offset the risks of riding one.

California has more motorcyclists than any other state ? there were more than 800,000 registered motorcyclists on California streets in 2017. Consequently, the state is also the leader in motorcycle

collision-related deaths. According to statistics from the University of California Berkeley's Safe Transportation Research and Education Center, 59,745 motorcycle riders were injured in California between 2011 and 2015. In the same 4-year time period, there were 2,299 deaths. When compared to other types of vehicles, the ratio of fatal accidents to the total number of accidents is much higher for motorcycle riders.

Some of the common types of motorcycle crashes include broadside crashes, overturned motorcycles, collisions with objects, being rear-ended, and being side-swiped. The top causes for motorcycle collisions include unsafe speed, failing to observe the proper right of way, improper turning, driving under the influence, and unsafe lane changes.

Alexander Napolin, regarded by many as the most reliable injured child lawyer Orange County has to offer, talks about why motorcyclists should be especially careful on the road by saying, "The statistics don't lie. Motorcycles are one of the riskiest ways to travel on American streets. We also realize that this warning is not going to stop anyone from riding one because the spectrum of injuries that you can sustain on a motorcycle is one of the many reasons why riding one feels dangerous and thrilling. Even if you are following all the traffic rules and riding responsibly, with all the necessary protective gear, you cannot trust others on the road to give keep up their end of the bargain. If you happen to get injured, the best step forward is to call an experienced Orange County personal injury attorney such as myself. I'm well versed on the peculiarities of motorcycle claims and can help you take the fight to the party at fault while you focus on recuperating from your injuries."

Alexander Napolin's Orange County law office also serves clients from Orange, Fullerton, Garden Grove, Santa Ana, Anaheim, Buena Park, Tustin, Irvine, Westminster, Costa Mesa, Brea, Placentia, Yorba Linda, Anaheim Hills, and Newport Beach. The attorney's Orange County office has a near-perfect score of 4.8 out of 5.0 on its Google My Business profile from almost 50 reviews.

One of the most recent 5-star reviews that he received from a satisfied client says, "Mr. Napolin is the most honest and straightforward attorney I have ever worked with. He gave me the best advice and if I ever need anything he is always available for me. I highly recommend anyone who has been in an auto accident of any kind or with any worker's compensation/work injury in Orange County to give him a call and seek his legal advice, so you can have the same experiences as I have had! He has the best character and I trust his judgment."
