Statistics shared by Kenneth S. Nugent, P.C. show that, while auto accidents can happen anywhere in Atlanta, certain roads tend to see more accidents than others. The most dangerous roads in Atlanta, with the highest fatality rate per mile, include the I-85, I-75, Martin Luther King Jr Dr SW, Old National Hwy, Metropolitan Pkwy SW, State Rte 14 Connector and Moreland Ave SE. While everyone hopes that auto accidents will never happen, the reality is that they can and do occur. Therefore, knowing what to do following an unfortunate accident is very important.

Tim Derrickson of Kenneth S. Nugent, P.C. says, "While you are not required to hire a lawyer after you have

been involved in a car accident, having a lawyer can help. Having an experienced accident lawyer at your side means that you can get the compensation for which you are eligible, and you will find it easier to avoid liability for the crash as well.?

As the firm explains, life can be incredibly stressful for someone who has been involved in a car accident. If they have suffered any injuries, there will be a number of obstacles that stop them from being able to move on. Medical bills, lost wages, pain, reduced quality of life and so on will all have a major impact. Once the necessary medical steps have been taken, hiring an auto accident lawyer can be of significant help. With the assistance of the right team of lawyers, victims of accidents can get the rightful compensation they deserve.

Derrickson says, "When you are looking for an auto accident attorney in Atlanta, you need to choose a firm that will represent you to the fullest extent of the law. You want a firm that has proven itself and has the experience and knowledge necessary to win your case. Looking into whether a firm regularly handles accident cases, whether they accommodate any handicaps you may have, whether they will look at all aspects of the accident when it comes to the settlement amount and so on are all important questions a car accident victim should ask.?"

Kenneth S. Nugent, P.C. is proud to say that they can say yes to all of these questions ? and more. The firm employs experienced attorneys at all seven of their locations who can, and will, aggressively represent their clients before the insurance company. It is an unfortunate truth that insurance companies are more often than not inconsiderate about the actual needs of victims. Insurers are deeply unlikely to willingly offer claimants a settlement that encompasses the full extent of their injuries. In fact, insurance adjusters are instructed by the parent company to pay as-little-as-possible to victims of an accident.

Derrickson says, "Your life is going to change once you have been in a car accident, but there is a lot we can do to mitigate how bad it can get. You can focus on recovering from your injuries without worrying about your continued quality of life or stressing over the details of compensation. Let Kenneth S. Nugent, P.C. take care of that for you.?"

The services provided by Kenneth S. Nugent, P.C. have earned the law firm a 4.5 out of 5-Star rating on the Google platform. Jamaal B. says in his review, "Excellent experience with the firm. My attorney and case manager both went above and beyond to ensure I was knowledgeable of the entire process. They took the time to answer any and all questions that I might have had with the process and what my expectations should be. I would recommend this law firm to anyone.?"
