Go Carpet Cleaning, a company based in Atlanta, GA, wants to inform everyone that they are providing their carpet cleaning services and more in Duluth, GA and neighboring areas. Duluth is a city near Atlanta and the carpet cleaning firm wants to point out that they offer conventional carpet cleaning techniques that use cleaning products that are effective in removing spots and stains on carpet, and can be used to clean even those high traffic spots in the home or office. Aside from carpet cleaning, they also provide rug cleaning, upholstery cleaning, pet stains and odor elimination, commercial cleaning services, and air duct cleaning.

Gal Biton, owner of Go Carpet Cleaning, says, ?You are likely part of the majority of people who do not have the time or the proper technique to clean, maintain and to care for their rugs. You want them to look like new, at all costs, you bet on retail products that seem to be aimed at cleaning carpets and in the end end up leaving toxic residues on the fabrics. With our carpet cleaning services, you no longer have to worry. You only need to book our services online and we?ll do the rest. You can enjoy your time with your family and friends in your clean comfort spaces.?

They specialize in business and residential carpet cleaning, using only natural, eco-friendly solutions that have been proven to be safe for the whole family and pets. Their team of cleaning professionals will always take a disciplined approach to their work and make sure that they will leave the carpets looking and smelling fresh and new. One key reason for hiring professional help in cleaning carpets is that they can gather as much as 40 pounds of dirt in only one year. Carpets can be vacuum cleaned regularly to prevent that but it is also important to note that there are many microorganisms residing in the vacuum cleaner engine. Thus, it has been suggested by the Carpet & Rug Institute to do deep cleaning every 12 to 18 months using professional equipment. This will make sure that the carpets are really clean and safe for family members, particularly the kids. Those who would like to know more about Go Carpet Cleaning can get updates on their online listing.

And for those who love pets, removing pet stains and odor can also be provided by Go Carpet Cleaning. Pet urine is really difficult to remove because of its unique molecular chain that doesn?t readily break down. They suggest that homeowners immediately place a slightly damp cloth on the area once they detect a pet stain. Some vinegar may also be added to the water to get rid of the unpleasant smell. If the stains persist, they recommend calling in the professionals.

Go Carpet Cleaning is a company based in Atlanta, GA, that has established as its mission to provide excellent customer service.
