

Bluffton Dental Company Brings Out Client's Best Smile

August 01, 2022

August 01, 2022 -

Bluffton, SC - Off-Island Dental Care offers a wide selection of dental services that bring out the beautiful smiles of every client they serve. The Best General Dentist Near Me can cater to different dental needs, from simple teeth cleaning to more complex procedures. These include preventive, diagnostic, and therapeutic services that promote oral health and improve smiles.

The dental care professional offers dental bonding used to restore chipped, decaying, or fractured teeth. This procedure uses a tooth-colored resin material applied to the teeth. To cover the teeth and restore their original shape, Off-Island Dental Care recommends a dental crown, considered a dental prosthesis. Crowns are also used to affix dental bridges and conceal dental implants.

Another procedure to improve someone's smile is composite fillings, which are made of composite resin and glass particles. The bonding substance looks exactly like natural teeth. Those with crooked teeth can try Invisalign, which uses a set of custom-fitted, removable aligners to shift the teeth gradually.

Another solution for crooked teeth is dental veneers or the thin coatings applied to the front of the teeth. Veneers are often used to brighten teeth. Patients who have missing teeth can opt for dentures. Off-Island Dental also does root canal therapy for infected teeth. Off-Island Dental likewise performs teeth whitening services. They have custom-made dental trays packed with hydrogen peroxide gel.

"Off-Island Dental Care specializes in a wide selection of dental services to fit anyone's specifications for that beautiful smile to shine through. We'll help them choose the best dental service for everyone's needs," the company says.

Off-Island Dental patients can avail of these general dentistry services at a lesser price with the company's special Dental Discount Plan. The plan includes regular dental cleaning with a $5.00 discount and a 20% discount for most dental treatments. The plan also includes dental exams and x-ray services. Membership is valid for one year from the date of service and/or payment. The plan can be availed for a single or family membership package.

To find out more about dental treatment plans offered by Off-Island Dental, patients can quickly contact them through their website, https://www.offislanddental.com/, and a coordinator will get in touch with them immediately.
