To see all our full-service area map, please visit our service area page."

There are three dumpster sizes that are available from Coastline Disposal LLC. These are the 20-yard

dumpster, 15-yard dumpster, and 10-yard dumpster. The 20-yard dumpster measures 14 feet in length by 8 feet in width by 6 feet in height and has a capacity of about eight times that of a pickup truck load. This is typically used for home remodeling and construction projects, including renovation of the master bedroom, kitchen remodeling, yard cleanups, basement cleanouts, attic cleanouts, garage cleanouts, and other similar tasks.

The 15-yard dumpster measures 14 feet in length by 5 feet in height by 8 feet in width and can hold up to six times that of a pickup truck load. It is often used for relatively small projects, including the removal of waste and junk from yards, different types of home renovation projects, such as the remodeling of a laundry room; repair of a sidewalk or driveway; removal of walls, flooring, and carpets; installation of kitchen cabinets; and clean out of a huge room, including a garage, bedroom, bedroom, basement, or attic.

The 10-yard dumpster measures 12 feet in length by 8 feet in width by 3.5 feet in height and can accommodate up to four times that of a pickup truck load. It is typically used for small-scale projects, including outdoor yard cleaning projects, small home remodeling activities, small home renovation projects, and room decluttering and clean-out tasks.
