The Bronx movers have received high praise from pleased customers. One customer says about their moving experience, ?After receiving several quotes, I decided to hire Abreu Movers Bronx because their prices were the most competitive in the area. They are extremely well-organized and communicate frequently and effectively. The movers arrived on time and informed me half an hour ahead of time so that we could prepare. They were very professional and efficient; they dismantled and reassembled all of our furniture from our one-bedroom apartment in a surprisingly short amount of time. It was well worth the money.?

Another customer shares, ?Rush and his crew were amazing and made my move so seamless! The 4 of them were in and out of my old apt in 30-40 minutes, took apart my furniture and put it back together in my new place with ease. Nothing was broken in this move, and they were all so friendly. I had some additional pieces that I forgot to mention when I initially called for a quote, and they were gracious in taking more things, and the up charge was super reasonable. I highly recommend this company, and I will be using them again if/when I move again.?
