ManageByStats Kicks Off New AMA Series

August 04, 2022

August 04, 2022 - PRESSADVANTAGE -

Today ManageByStats announced a reboot of their popular Ask Me Anything series with their CEO, Philip Jepsen, and a panel of experts. The Ask Me Anything, or AMA as it's known, gives Amazon sellers an opportunity to ask questions and get answers live. Each session will also be recorded for later replay.

"This has been one of our most popular series in the past," says Mister Jepsen. "The format is very open, and it invites live participation. Training videos, podcasts and the like are still quite popular, but nothing beats the enthusiasm and feedback we receive for a live Q & A."

ManageByStats has been providing software tools, services and solutions for Amazon sellers for over 7 years. The company focuses on Amazon and the particular needs for sellers running a business and selling products on the world's largest online marketplace. MBS was developed to make selling on Amazon easier, faster, and to automate as many repetitive tasks as possible. The goal is to give Amazon sellers the insight, oversight and tools they need to expand.

"Sellers on Amazon face numerous challenges and tons of competition," says Mister Jepsen. "There are now so many resources out there it's become a bit of a challenge even to know where to look to get the answers to your questions. Our AMA is designed to help. We're bringing a ton of experience, and we're

standing by to answer your most burning questions.?

For more on ManageByStats and their software tools for Amazon sellers please visit the MBS site or contact the company directly. If interested parties have further questions, ManageByStats may be contacted directly by email.
