

## **Dentist in Woden Stresses the Importance of the Regular Dental Checkups**

*August 11, 2022*

August 11, 2022 - PRESSADVANTAGE -

Acacia Dental Group, a dental practice in Phillip, ACT, Australia, wants to emphasize the importance of regular dental checkups because it is vital to keep teeth and gums healthy. It is also important to note that studies have found a relationship between some diseases and oral disease. It is recommended that people have a dental checkup every six months. As such, they would like to let people know what would happen at a patient's first dental visit at Acacia Dental Group.

The initial dental consultation is provided free of charge. If the patient requires dental treatment, the dentist will explain the various treatment option and how much they will cost. And despite the consultation being free, patients are under no obligation to proceed with the recommended treatment. It will be entirely up to the patient to decide whether to go ahead with the treatment and the dentist will offer various options so that the patient can make an informed choice.

Acacia Dental Group offers a First Time Patient package that is made up of: a comprehensive oral examination; professional teeth cleaning treatment; fluoride treatment; an updated diagnostic panoramic radiograph (full mouth OPG)/Bitewing Xrays; and oral hygiene kit, including toothbrush, toothpaste and dental

floss.

Acacia Dental accepts all kinds of health funds so that patients can be assured that they are covered depending on the policy. They are also preferred providers for Hcf, Medibank private, Cbhs and Smile (Frank health Insurance, GMHBA, Australian Unity, Defence Health, Budget Direct, People Care, Health.com.au). They also accept the Medicare child benefits scheme and Veterans Affairs Cardholders are bulk billed.

All children under 18 years of age and who are eligible for Medicare can use child dental bulk billing (child dental benefits scheme). Some treatments aren't covered, such as orthodontic and cosmetic dentistry. However, all services related to general dentistry such as examinations, cleaning, fissure sealing, x-rays, root canals, extractions, and fillings are covered.

At Acacia Dental Group, those who visit for the first time and want a routine checkup and clean, their appointment time may last up to one hour. This is to allow them to get to know the dentist and ask questions and address any possible issues. Regular appointments actually last for 30 to 45 minutes for patients who have a good level of oral health.

Before providing treatment, the dentist will first determine if the patient has dental anxiety and if they are experiencing any problems in their mouth. If there is any plaque or tartar buildup, the dentist will utilise an ultrasonic scaler instrument to get rid of the tartar and clean the gums. Next, the teeth will be polished and any stubborn tooth stains will be removed. A protective layer of fluoride will also be provided with the polish. And finally, the dentist will conduct a more thorough examination of the mouth and gums to find out if there is any indication of grinding, decay, teeth alignment issues, or gum disease.

Established in 1989, Acacia Dental Group is a privately-owned dental practice that has been delivering family dentistry services to Woden and neighbouring areas, including Canberra, for over 32 years. The practice is operated by husband and wife Dr Mallik Prasad Yalamanchili and Dr. Sirisha Yalamanchili who have set as their goal to offer the best possible dental care at a reasonable price. Overall, their mission is to help patients in making sure that their teeth and gums continue to be healthy. Dr. Mallik has over 20 years of experience as a dentist and has been especially trained with regards to Invisalign, dental implants, and orthodontic braces dentistry. He can also come up with a solution for all kinds of dental issues, including the most complex ones.

When looking for a Woden dentist, people can visit the Acacia Dental Group website, or contact them on the telephone or through email. They are open from 8:00 am to 5:00 pm, from Monday to Friday, and from 8:00 am to 12:30 pm on Saturdays.
