Sydney-based Dedan Painting Launches New Website

August 10, 2022

August 10, 2022 -
Dedan Total Painting Solution Pty Ltd, a provider of painting services for residential and commercial customers in Sydney, has launched a new website at dedanpainting.com.au. The website includes a portfolio of the company's work, information on their services, and contact information.

The new website is designed to provide potential customers in Sydney's Hills District and surrounding areas with a easy way to learn about Dedan Painting and the services they offer. The website is also intended to showcase the company's work and highlight their experience in the industry.

One such service is roof painting. The company has a team of experienced professionals who are dedicated to providing the best possible service to their customers. Their roof painting services are available in both residential and commercial settings, and they use high-quality paints and materials to ensure that your roof looks its best. They also offer a variety of other painting services, including exterior and interior painting, so customers can be sure that their home or business is in good hands with Dedan Painting.

A spokesperson for the business said, "A fresh coat of paint can brighten up any home, and a roof respraying can keep it protected for years to come. A painted roof can also offer extra insulation for your home, which reduces the amount of time you'll spend running the air conditioning or heater."

The company recommends working with roof painters who have professional work experience and knows how to work safely and securely on top of a customer's roof. Roof restoration is safe if done correctly, and Dedan Painting takes all precautions to ensure safety is the top priority. The company is also fully registered and insured for customers peace of mind.
