Rubber tire containers are utilized to store and subsequently haul away a range of waste and unwanted materials in an efficient and safe manner. According to the company website, dumpster rentals in Fraser MI are often reserved to support home cleanouts, downsizing efforts, housing developments, commercial demolitions, foreclosure management, roofing repairs, landscaping efforts, residential renovations, and other projects. The company?s heavy-duty containers are designed by leading U.S.-based manufacturers with safety and usability in mind. Each of the company?s container selections is driveway-friendly with wheels for easy and flexible placement.

The industry-grade containers are equipped to handle a range of waste, including general debris, construction materials, yard waste, furniture, appliances, e-waste, and other garbage. However, flammable and hazardous materials, including paints, gasoline, motor oils, asbestos, and other items are prohibited from being loaded into the company?s containers. A definitive list of unacceptable materials is available directly from the company. Certain materials, including shingles, concrete, bricks, or dirt cannot be loaded unless permission is granted from the company in writing before the time of the delivery. Tires can be hauled away for an additional fee.

The company offers two container sizes, 10-yard and 20-yard. The 10-yard measures 12? long by 6? wide by 4? high and has a base price of $350, which includes up to seven days of rental time and three tons of waste removal. Additional days and extra weight are available for an additional fee of $35 per day and $55 per ton.

A 5-star review posted to the company?s Google business profile emphasizes the expedited service and convenience. Customer Lauren Schultz said, ?We've used Motor City a couple of times now for our remodeling business. We called them when our go-to supplier suddenly went out of business. Jason answered the phone right away and was able to get us a trailer the next day. They have been punctual, responsive, reasonably priced, and their dumpsters actually look good which is nice when it's sitting in a

client's driveway for a week. We will continue to use them for our upcoming projects.?
