One of the Top Douglasville GA Roofing Companies Gains Another Highly Positive Review

August 22, 2022

August 22, 2022 -

Paramount Roofing & Consulting, a roofing company based in Douglasville, GA, is proud to announce that they have gained yet another highly positive review from one of their customers. They are a leading provider of roofing services in Douglasville and neighboring areas for more than 12 years. They have all of the necessary licenses and insurance for a roofing contractor and they can offer their services throughout Georgia, with a wide range of customers and with different sizes and styles of houses. They offer industry-leading warranty alternatives and they only use products from the top roofing manufacturers in the US.

They offer a broad range of roofing services, from simple repairs to total roof replacements. They can also help homeowners and other property owners who find the right roofing material for the home or business, and then they will install it. Their service areas include various cities, including Alpharetta, GA; Atlanta, GA; Canton, GA; Carrollton, GA; Cartersville, GA; Cumming, GA; Douglasville, GA; Fayetteville, GA; Johns Creek, GA; Kennesaw, GA; Lawrenceville, GA; Marietta, GA; Newnan, GA; Norcross, GA; Peachtree City, GA; Roswell, GA; Sandy Springs, GA; Smyrna, GA; Suwanee, GA; and Woodstock, GA.

In the mentioned Paramount Roofing & Consulting customer review, Jessica H. gave them a five-star rating and said, ?Paramount Roofing has done an exceptional job on my roof replacement. No one wants to go through this however they made the process seamless by offering flexibility and multiple options. I appreciated the assistance with my insurance company and through pre and post inspection. I would definitely recommend this company.?

Otis Floyd, the owner of Paramount Roofing & Consulting, says, ?It is with pride that we announce another five-star review from a very satisfied customer. We welcome all kinds of feedback, whether good or bad because it tells us whether we are on track with regards to achieving our goal of providing excellent customer service. Rest assured that we will continue to strive to provide the best possible service.?

The company provides roof repair services, roof tarping services, and roof installation services. They can offer a full-scale roofing replacement or installation service with their team or roofers who are all bonded, licensed, and insured. They want to point out that roofing is a hard and risky task and advise homeowners not to attempt to make it a do-it-yourself (DIY) project. Not only is the roof repair and installation task very dangerous but those who don?t have the necessary knowledge and experience will not be able to assess the roof properly and determine whether it has to be repaired or replaced. Bringing the shingles and other materials up and down the ladder can be very risky and tiresome. And working on the rooftop itself can be very dangerous, especially in those instances when roof pitch is not within the 4/12 to 9/12 range. In addition, roof work will require specialized tools. The roofing professionals from Paramount Roofing & Consulting have all the needed safety equipment, know if permits are required or not, and have supplementary but vital tools, such as extension ladders to make the tasks safer and easier.

Paramount Roofing & Consulting has developed the reputation of being a leading roof repair and maintenance contractor in the Douglasville/Smyrna area and they are always ready to provide their service to customers. And whatever kind of roof damage, whether small or large, they will offer help to the homeowners and other property owners in processing their insurance claim to get funding for a new roof. They offer their services to homes across Austell, Smyrna, Powder Springs, Kennesaw, Sandy Springs, Mableton, Brookhaven, Southern Fulton County, Marietta, and all other nearby areas. When customers ask for an estimate, one of their licensed and insured representatives will visit the customer?s home and inspect the roof after which a quote will be given, fully free of charge. They already have hundreds of satisfied customers in the Douglasville area and they are ready to provide references to homeowners who are interested.

When looking for reliable Douglasville GA roofing companies, people can check out the Paramount Roofing & Consulting website, or contact them on the telephone or through email. They are open from 8:00 am to 7:00 pm, from Monday to Saturday.
