

Roofing Company In Manchester Announces Crew Expansion To Meet Increased Demand

August 23, 2022

August 23, 2022 - PRESSADVANTAGE -

Manchester roofing company Roofers Manchester has announced an expansion of its crew and transport fleet based on increased demand from local clients. The company said that it had hired 3 new team members and increased its fleet of vans by 4, to keep up with the inquiries that it has been recently receiving.

The spokesperson for Roofers Manchester, Andrew Stanford, talked about the latest expansion of workforce and equipment capacity by saying, "Like all businesses, we too experienced a dip in demand during the COVID-19 years. However, with the pandemic slowly loosening its grip on civilian life in the UK and the economy stabilizing in step, homeowners from Manchester and surrounding areas are finally getting to the long-delayed home improvement tasks that may have been languishing for over 2 years. We are fielding a lot of calls from interested clients who have heard about the high quality of our comprehensive roofing services. To make sure that we are capable of promptly serving property owners in Manchester and beyond, who desperately need our professional assistance, we have brought on 3 more crew members and added 4 more vans to our fleet. All the new hires have been thoroughly vetted to meet our requirements of unmatched technical skills and several years of job experience. This increase in manpower and transportation infrastructure will allow us to make many more house calls than we are currently capable of making. We are

confident that our clients in Manchester will appreciate this bolstering of our services as they won't have to wait long after scheduling an appointment to watch our van arrive at their doorstep. If you have been stalling on getting your property's roof looked at for the last 2 years, this is a great time to tend to that task and there is no other better roofing company than Roofers Manchester to help you get that solid long-lasting roof that will keep you completely protected from the elements.?

Roofers Manchester's core roofing specialist services include roof installations, roof repairs, roof maintenance, moss removal, flat roofing, and guttering services. The company, which has the expertise to work on both residential as well as commercial roofing projects, guarantees that it only uses roofing practices that can stand up to scrutiny according to the highest industry standards. Once a customer calls up the company, Roofers Manchester will send out one of its trained roofing surveyors to visit the site and assess the project's needs, both in terms of materials and manhours. The company's roofers will then furnish an honest, detailed, and competitive quotation that will solve all the customers' problems within their budget.

The family-run Manchester roofing company can carry out a wide variety of roofing tasks such as roof repairs, gutter cleaning, chimney repairs, re-roofing, dry ridging, slate roofing, roof tiling, storm damage work, emergency call-outs, and more. Roofers Manchester says that the typical rate for a roofer's services is anywhere from £150-250 per day depending on the location of the property and the type of roofing job that needs to be undertaken. Most homeowners spend between £600 and £3000 for a roof repair or an average of £850 per repair call.

On its website, the company provides the approximate prices that homeowners can expect to pay for repairing a leaky roof, the most common type of roof repair job. A leaking roof repair on a 2-bed bungalow can cost between £80-190, a leaking roof repair on a 3-bed, semi-detached house with 2 stories can cost between £90-200, replacing lead chimney flashing can cost between £300-450, and installing a flat roof on an average single garage can cost between £850-1150.

Residential and commercial property owners from Manchester, Salford, Cheshire, Stretford, Stockport, and surrounding areas can head over to Roofers Manchester's website at roofersmanchester.net to find out more about its full range of roofing services. The Manchester roofing company can also be contacted at 0161 694 6470 for inquiries or to get a no-obligation quote.
