

Local Painter in Portland Delights Home & Business Owners with Impeccable Services

August 19, 2022

August 19, 2022 -
Portland, Oregon: People in Portland are lucky to have an expert local interior & exterior painting contractor, the family-owned and operated Absolute Painting & Power Washing. The business was founded with one goal in mind: To provide painting services of the highest standards at affordable prices for residential and commercial clients in the broader Portland area.

Refreshing the painting of your house?s interior and exterior increases the property?s curb appeal and protects it in the long run. It also acts as a barrier against color fading and cracking. Especially in Oregon, where the summers are long, wet, and warm, while winters are freezing and snowy, damages to buildings? walls are very common. Therefore, the inside and outside of homes and commercial buildings should be periodically inspected for damages and then be repaired or painted as necessary.

The professional painting contractors at Absolute Painting & Power Washing take pride in providing customers with superior painting services at competitive rates. They use only the best products available on

the market, resulting in a flawless finish that will last for years. In addition to their outstanding painting services, they also offer color consultation services to help their clients choose the best colors for their home or business. Their team is ready to take on any challenge, delivering results that fit the style and vision of each client perfectly.

Using an improved 7-step painting process, they ensure high levels of customer satisfaction on any job they undertake, big or small. The first step is a thorough on-site assessment where the team listens to customers? needs. They then provide a written cost estimate for all products and services involved in the project. The next step is surface preparation, including washing, priming bare surfaces, and removing or replacing caulk. Their painters apply two coats of paint. The final step is giving clients a walkthrough of the completed project to ensure they are happy with the results.

The best thing about working with an experienced painter in Portland like Absolute Painting & Power Washing is that they complete their projects on time and within the budget initially set.
