

PSS International Removals Provide Removal Service in East London

August 26, 2022

London, England - August 26, 2022 - PRESSADVANTAGE -

PSS International Removals, a London, UK-based international removals company, is happy to announce they will provide further support for those who live in East London. Those who reside in East London will receive further support from local surveyors who will help estimate the costs of the move from the UK to overseas locations. PSS are focused on making the overseas removals process as hassle-free as possible. And they provide two ways of getting accurate quotes for international removals. One way is to schedule a home survey with one of their highly experienced removals surveyors who are based in the surrounding areas. The other way is to schedule a video survey that will be done remotely.

Areas covered in East London include Shoreditch, Whitechapel, Walthamstow, Spitalfields, Bethnal Green, Blackwall, and Broadgate. Those who are interested in moving can receive a quick estimate using a cost calculator. It would only take 60 seconds for a customer to find an estimate from the UK to another country. The costs calculator will estimate the prices of moving using sea freight and air freight. Sea freight is the cheaper way of moving from East London, whereas air freight will be the quicker service.

Liam Witham, CEO of PSS International Removals, says, "We offer the right services that will make the whole process of moving belongings feel easy. Popular destinations for removals include Australia and New Zealand, PSS will help you move there, as well as other locations abroad. When you use PSS you will receive a dedicated move manager who will guide you on your move overseas and you will receive a single point of contact that provides assistance with customs clearance and documentation."

PSS services include professionally trained export packers who will bubble wrap household items. Customers who have experienced their international removals service in London have provided highly positive reviews. For instance, Elizabeth was delighted with her service and commented "PSS shipped our boxes and cases from London to New York. Great communication and customer service. Everything was easy with packing materials including bubble wrap and cartons. The documentation was fairly straightforward and pick up arranged. Final delivery was made in good time - every [item] arrived in perfect condition". Eleanor had a similar experience, remarking, "The guys who picked up my stuff in London and delivered it to Melbourne....everything including delicate pottery items was in perfect condition, I was amazed. It had all been packed beautiful. The guys in London and those who delivered it in Melbourne was fantastic. Price was extremely reasonable. Thank you."

Started in 1982 as a personal shipping services company in the United Kingdom, PSS International Removals is a family-run international removals business with more than 40 years of experience. They provide their services to both expats and migrants who are transferring from the UK to various other countries. Whether the client wants to move a few boxes or the entire household, including a car, PSS will provide them with assistance. PSS has now grown into one of the leading removal companies in the United Kingdom helping thousands of people move to destinations all over the world. Customers can find regular updates from the company on their @PSSRemovals Twitter account.
