

SnapHappy Photos Wins the Diamond Award for Outstanding Woman-Owned Business

November 16, 2015

November 16, 2015 - PRESSADVANTAGE -

SnapHappy Photos of Miami, Florida recently was awarded the Diamond Award for Outstanding Woman-Owned Business by the Coral Gables Chamber of Commerce. SnapHappy Photos was founded on November 2nd, 2007. Starting with family photos, owner Ada Stevens quickly added corporate events, weddings and business portraits.

With an emphasis on marketing through networking and offering her services to many organizations, Ada was able to grow the business quickly and branded herself as the face of SnapHappy Photos. Since 2009, ADA has been the regional event photographer for BNI Miami, having photographed over 100 events. With this growth, in 2011, her husband Doug joined her full time. Having been the second photographer from day one, Doug brought additional marketing and photo editing skills to SnapHappy. He adds his own flare with his photos and this year was able to embrace his passion for architectural photography.

"We are committed to providing the highest level of professionalism to each and every client that we have the privilege of working with," says Ada Stevens, President of Snap Happy Photos. "Our goal is to be totally focused on the client and their event."

You can contact Ada Stevens of SnapHappy Photos at (786) 449-7396.
