

Removable Braces From Off-Island Dental Brings More Smiles To Bluffton Residents

August 23, 2022

August 23, 2022 -
Bluffton, SC - More Bluffton residents are showing off their beautiful smiles thanks to the Removable Braces offered by Off-Island Dental.

The dental company says clear removable braces are a new treatment that is gaining much popularity. Compared to traditional wire brackets, these braces look much like professional bleaching trays but are less visible. Off-Island Dental says clear removable braces have smooth contours and do not scrape the lips, cheeks, and tongue, a usual issue for metal braces.

Off-Island Dental Care has been offering the invisible aligner for quite a long time. Putting clear removable braces starts by taking 3D impressions of the teeth. Next, those impressions are sent to a manufacturer-specific lab. Then, using computer technology, the lab fabricates custom-fit removable invisible aligners. Once ready, clients can try the braces on and evaluate their fit.

According to the dental professional, these invisible aligners should be worn most of the time but must be removed only to eat, drink, brush, and floss. With each new set, the teeth slowly adjust and gradually realign to the desired position.

Clients have to return to the Bluffton Dentist to evaluate the progress of the teeth alignment. Sometimes, it is adjusted depending on the individual's teeth. Like metal braces, invisible braces should also be worn from 18 to 24 months and are sometimes worn longer.

Removable braces are just one of the many dental services offered by Off-Island Dental. They specialize in a wide selection of dental care services to fit anyone's specifications. They provide general dentistry, fluoride treatment, gum disease therapy, oral surgery, and several cosmetic dentistry procedures. For a complete list of services, interested parties may visit their website at https://www.offislanddental.com/. Their staff will immediately reply to answer any query.

The dental expert team in SC is led by Dr. Michael Langehans, an award-winning dentist. An equally capable and approachable staff joins him. The staff has received the essential training and specializes in providing excellent patient treatment on each visit. They also have a bi-lingual staff who can speak Spanish.

Off-Island Dental patients can also avail of discounts on several services with the company's Dental Discount Plan. Membership is valid for one year from the date of payment. They offer individual plans and family membership packages.
