I originally did not know what size we would need and the website was super helpful explaining the amount of truckloads that can fit per dumpster this helped my husband and I narrow it down. I made a mistake on the purchase and was contacted that same day asking if I meant to choose those dates which I did not! They fixed it immediately. We did not have to be home for drop off or pick up which was also great

because we are pretty busy! Overall this company has great customer service and made our experience an easy one! Thank you Northland Dumpsters! We would definitely recommend choosing this company!?
