Revitalize You MD Med Spa Is Offering Botox Injections In Roswell, GA

September 08, 2022

September 08, 2022 -
Revitalize You MD is offering Botox injections in Roswell, GA, to all individuals who want to erase or prevent fine lines and wrinkles on their skin. As of the time of writing, the clinic is running a promotional offer on the Botox procedure. It is offering the treatment at $10 per unit for returning clients and $10.99 per unit for new clients upon a minimum purchase of 20 units.

Botox has been regularly referred to as a miracle treatment in the media because of just how dramatically it can make a person?s face look years younger within a single session. The treatment is regularly recommended to clients who want to address issues such as horizontal forehead lines, frown lines, gummy smiles, marionette lines, chin lines, square or wide jawlines, and liquid facelifts.

Fundamentally, Botox is a neurotoxin. However, the non-invasive, non-surgical cosmetic procedure that is administered today all over the world as Botox®, is clinically tested to be safe. It is also only applied in small doses to specific parts of the body where the reaction of the neurotoxin with the body?s cells, muscles, and nerves will produce a desirable-looking result. The compound is made specifically for cosmetic and medical procedures and has no psychoactive effects that risk causing addictive behavior.

The Botox treatment is also nearly painless. Patients might feel a slight stinging sensation while they are being injected but the feeling dissipates quickly. At worst, some patients may complain about swelling, redness, and numbness in the treated area for a few hours or days following the procedure. Almost anyone who wants to achieve a revitalized look for their skin by addressing signs of aging can opt for Botox. However, since Botox is a neuromodulator, it is not recommended for pregnant or breastfeeding women, or individuals with neurological disorders.

Revitalize You MD has been helping Georgians achieve their health goals since 2018. Its range of healthcare and wellness services includes hormone replacement, testosterone, HRT, Botox, Juvéderm, IV therapy,

medical weight loss, weight loss, anti-aging, blood panels, and Acoustic Lipoliser. Revitalize You MD also offers its patients the option to take advantage of Cherry?s financing services. Cherry allows the clinic?s patients to fund the Botox procedure by splitting up the payments into smaller, more manageable chunks.

The Roswell clinic receives a lot of admiration from the local community for the services it provides. This is evident in its Google rating which sits at a near-perfect 4.9 out of 5.0 from over 70 reviews. A particular 5-star review of Revitalize You MD posted on its Google My Business profile, which praises the clinic?s Botox and lip filler services, says, ?My co-worker suggested I try them out for Botox & lip fillers after I moved to the area. I must say I was really impressed with the professionalism and work Dr. Lucy performed. They have my business for life. Love you guys!?

Dr. Lucy Bourova-Brazier, who has been mentioned in the aforementioned Google review, is Revitalize You MD?s resident Botox expert. She has more than 25 years of experience in the medical field. She earned her master?s degree from North Georgia State University in Dahlonega and has been working full-time as a Family Nurse Practitioner ever since. Lucy is certified in the administration of Neuromodulators (i.e., Botox, Dysport, Xeomin), Dermal fillers (Juvederm, Belotero, Restylane, Radiesse), and Mesotherapy.

On the clinic?s website, Dr. Lucy talks about her dedication to offering the best Botox treatments in Georgia by saying, ?The aesthetic field is my passion. I treat each client individually based on her or his needs. For me, Aesthetics is not only a great profession but also an art. The famous Italian sculptor Michelangelo said, ?Every block of stone has a statue inside it, and it is the task of the sculptor to discover it.? My task is to accentuate the beauty of each client I see.?
