September 06, 2022 -

DFW-owned and operated American AF Dumpster Rentals offers a range of size options for a dumpster rental in Dallas TX. The company frequently works with businesses, construction professionals, property managers, and homeowners to provide waste removal services to help meet a range of project goals. Interested parties are encouraged to visit the company website to book a roll-off container directly online.

Founded in 2020, owner Josh Roman and his team are dedicated to providing cost-effective solutions for managing waste in residential or commercial settings. ?We?re committed to offering the best options for all of your short or long-term waste management needs,? Josh said, ?Tear down the old shed in your backyard, increase the curb appeal of your lawn, or manage a commercial demolition with confidence with the added support of our heavy-duty containers and reliable service.?

According to the company?s website, its selection of durable, industry-grade roll off dumpster rental Dallas TX residents and contractors stands out from the competition because of the range of available sizing

options. The residential dumpsters are available in 15-yard, 20-yard, or 25-yard. The 15-yard holds the equivalent of six pickup truck loads of waste and rents for $395 for up to seven days of rental time, with two tons of waste disposal included in the base price. This option is often delivered to support landscaping projects, flooring removal, or small bathroom renovations.

The 20-yard holds the equivalent of eight pickup truck loads of waste and rents for $450 for up to seven days of rental time, with two tons of waste disposal included in the base price. This option is often delivered to support single-room renovations, roofing repairs, or garage cleanouts. The 25-yard holds the equivalent of 10 pickup truck loads of waste and rents for $525 for up to seven days of rental time, with two tons of waste disposal included in the base price. This option is often delivered to support large-scale home cleanouts, furniture or appliance removal, and kitchen renovations, among other projects.

The commercial dumpsters are available in 15-yard, 20-yard, and 25-yard and help support a range of demolition, development, and general construction goals. The 15-yard measures 14? long by 7? wide by 4? high and rents for $425 for up to 10 days of rental time, with two tons of waste disposal included in the base price. The 20-yard measures 14? long by 7? wide by 6? high and rents for $475 for up to 10 days of rental time, with two tons of waste disposal included in the base price. The 25-yard measures 16? long by 8? wide by 6? high and rents for $550 for up to 10 days of rental time, with two tons of waste disposal included in the base price.

Rental extensions and extra weight disposal are available for purchase at $20 per day and $85 per ton for residential and commercial use. If customers are searching for a quick and cost-effective method for removing a smaller amount of waste, the company offers two cubic yard dumpster bags for $195 for a single-day delivery and pickup option. The bag measures 96? long by 48? wide by 30? high, with extra weight available for purchase at $85 per additional ton.

The containers are built to hold and haul away a range of waste, including yard debris, construction materials, refrigerators, mattresses, appliances, furniture, and general garbage, among other items. Certain items are not permitted to be loaded into the company?s containers by local regulations and for the safety of its drivers. These items include, but are not limited to, concrete, dirt, paint, and hazardous materials.
