The company is excited to launch a range of new bounce house selections for the upcoming fall season, including popular themes and new, engaging styles that are enjoyable for all ages. The Zombie Combo Bounce House is a recent addition to the company?s inventory and features a one-of-a-kind inflatable zombie. According to the company website, this is the perfect focal point for upcoming Halloween events. The unit begins at $325 for up to eight hours of rental time and requires a setup area of 18ft tall by 28ft long by 20ft wide with one standard outlet required. The rental includes inflatable bumpers on the slide and mesh walls for adequate airflow and supervision. This bounce house can be used wet or dry.

Another recent addition is The Cowboy Bounce House, complete with an inflatable, larger-than-life football player. This four-in-one bounce house rental includes a slide, obstacle course, jumper, and basketball goal, offering healthy activity and entertainment for children of all ages. This unit begins at $265 for up to eight hours of rental time and requires a setup area of 17' long by 35' wide by 18' high, as well as one standard outlet. This rental can be used dry or wet and includes a detachable splash landing pad pool if used as a water slide.

The final recent addition to the company?s fall lineup is the Spooky Pumpkin Combo Bounce House. This giant three-dimensional jack-o-lantern with spider accents is designed to bring excitement to any Halloween event, including school carnivals, local festivals, or neighborhood block parties. Beginning at $325 for up to eight hours of rental time, this unit requires a setup area of 30' long by 20' wide by 16' high and access to one standard outlet. The combo unit features an enclosed jumping area as well as an inflatable slide.

Each of the company?s inflatable units is designed by industry-leading manufacturers based in the U.S. and is made with lead-free, fire-resistant vinyl with safety and longevity in mind. Each rental is inspected and sanitized before and after use to ensure customers are receiving like-new units.
