Artisan Vapor & CBD Addison Offers Delta 8 Gummies to Addison TX Community

September 12, 2022

September 12, 2022 -
Artisan Vapor & CBD Addison, a premium one-stop shop in Addison, TX, offering vaping and CBD products for Addison, is happy to announce that they are offering delta 8 gummies Addison TX residents may want to try. Those who are curious or want to try delta 8 edibles can go to their local store and have a one-of-a-kind experience in a cool environment. They currently offer Zeus D8 gummies, Stra8 D8 gummies, and 3Chi D8 gummies. Aside from delta 8 edibles, they also offer delta 8 cartridges, delta 8 disposables, delta 8 flowers, delta 8 pre-rolls, and delta 8 tincture. For delta 8 edibles they also offer the Single Source D8 Brownie Bites, 3Chi Delta 8 Drink Enhancer, Harbor City Hemp Delta 8 Hard Candy, and Harbor City Hemp Delta 8 Peanut Butter Nuggets.

Delta 8 products contain tetrahydrocannabinol (THC) but they are less potent than delta 9 products. Although delta 8 is similar to delta 9 THC, it has a slightly different molecular structure, which is why it is less potent. Delta 8 products can provide feelings of relaxation, euphoria, and possible pain relief but they are much milder. Thus, they are suitable for those who want to experience the ?high? but don?t want to try delta 9 products. It is important to note that delta 8 products may have the same side effects as delta 9 products. Donald Nguyen from Artisan says, ?Those who want to know more about our delta 8 edibles and other

products can connect with us on Facebook,?

Meanwhile, those who don?t want the ?high? can opt for cannabidiol (CBD) products. In contrast to delta 9 THC, CBD is obtained from hemp, which is a kind of Cannabis sativa plant but with only small amounts of THC, which is the psychoactive ingredient of Cannabis. CBD may be prescribed for various medical conditions, such as epilepsy, anxiety, pain, dystonia, Crohn disease, Parkinson?s disease, and many more.

CBD products available at Artisan Vapor & CBD Addison include: 3chi CBD Cartridges; Extract Labs CBD Cartridge; Koi CBD Gummies; TIMBR Disposable Cannabigerol (CBG); Creating Better Nights CBD + CBN Melatonin Gummies; Keylife Vape Juice; Keylife Tincture CBG; Keylife Tincture Cannabinol (CBN); Keylife Tincture Cannabichromene (CBC); Keylife CBD Caramels; Keylife CBD Fruitti Chewz; Keylife CBG Gummies; Keylife CBG Flower Cinderella; Keylife CBD Flower Stardust; Keylife CBG Flowers Stardust; Keylife CBD Gummies; and more.

CBG is a type of cannabinoid derived from the cannabis plant and is gaining in popularity because of the various potential benefits that it can provide. Just like with CBD, CBG may also be used for pain relief but without the psychoactive effects of THC. Some animal studies have indicated that CBG may be used for inflammatory bowel disease (IBD), glaucoma, and Huntington's disease. It may also be used for fighting cancer cells and it may have antibacterial characteristics.

CBN is a non-intoxicating compound that is produced when THC ages. A number of studies have shown that CBN may be used as an antibacterial agent, neuroprotectant, appetite stimulant, and anti-inflammatory agent. It may also help with glaucoma.

CBC is also non-intoxicating because it has been noted to bind poorly to CB2 cannabinoid receptors in the brain. However, it does bind with other receptors in the body, which are related to pain perception. When it activates these receptors, the body?s natural endocannabinoids like anandamide are increased. And researchers also believe that CBC may synergistically work with other cannabinoids. It may help with cancer, pain and inflammation, brain function, acne, and depression.

Artisan Vapor & CBD Addison is a premium vape and CBD products store serving the residents of Addison, Texas. It is a one-stop shop for all products for vaping and CBD that has been providing vape and CBD needs for almost a decade. Whether the customer is a beginner or an experience vaper, they have all of the leading brands, including Suorin, Aspire, JUUL, and more.
