The Key Guys Prove They?re the Best Automotive Locksmith in Minneapolis as They Exceed 800 Google Reviews

September 12, 2022

MINNEAPOLIS, MN - September 12, 2022 -

The Key Guys, a car locksmith in Minneapolis, MN, is proud to announce that they have recently surpassed the 800 Google reviews milestone with an outstanding overall rating of 4.9 out of 5 stars. And they are proud not just of their professional credentials and their professional membership in the ALOA Security Professionals Association. Aside from proving that they are the top automotive locksmith in the Minneapolis St Paul area, they are even more proud of the ongoing support they are getting from past customers who have graciously posted highly positive reviews of their service on a constant basis over a long and continuing period of time. And they firmly believe that this is because they always strive not just to fix the customer?s problem but to do it with a smile at a better price and as conveniently as possible.

In one of their recent reviews, Laura M. gave them five stars and said, ?I broke my key in half. Robot told me how to still use my key until he could make it out to me and once he made it to me, I had two keys made in a matter of minutes! Will definitely recommend.? And in another recent review, Kjerstin C. also gave them a five star rating and said, ?Great service, friendly, prompt, highly recommend. If I ever need another key I wouldn?t hesitate to call them again.?

Bryan Nystrom, owner and manager of The Key Guys, says,?While there are a few negative reviews once in a while, we?re really proud of having reached the 800 Google reviews milestone. Some people may be out there trying to destroy our reputation but the overwhelming number of five star reviews cannot be denied. So rest assured that if you had locked yourself out of your car, lost your keys, or your keys broke or got stuck in the keyhole, you can count on us to provide you with a new key. And if you?re out there somewhere, don?t worry because we?ll go to you. Just call us at any time of the day or night.?

The Key Guys can provide different kinds of car key services. They can offer car key repair for broken keys, make a spare or backup key, replace stolen or lost keys, program a key, program a transponder, remove broken keys, cut a new key, repair keys stuck in ignition or door, or replace key fob batteries. The Key Guys have developed the reputation of being vital service providers for the automotive industry, and this became even moreso with the development of key fobs and the remote keyless system. While these advances in car key technology provide convenience and security, they are not without issues. For example, key fobs can be hacked. Fortunately, the key experts at The Key Guys have kept themselves up-to-date with new technology and can offer a solution when drivers encounter problems with their key fobs and remote keyless systems.

Founded in 2010, The Key Guys are always focused on delivering the best quality mobile car key locksmithing services in the Twin Cities metropolitan area in the state of Minnesota. They have the capability to produce a new key when clients have lost their only key, or the car key or key fob has been damage, or when the key gets stuck in the car ignition or at the door, or when clients simply want to get a spare or back up key. They have specialized on car keys and they can be contacted 24/7 whenever their services are needed. They also provide mobile locksmith services, which means there is no need to have the car towed to a dealer when people have a problem with their key, such as locking the keys inside the car.

More information about the car key services offered by The Key Guys, such as getting a new car key cut, can be gleaned from their website or people can contact them through the telephone or by email. They can be contacted 24 hours a day at any day of the week.
