September 19, 2022 -
Austin-based Good Time Tours is a service that has long recognized that nearby Lake Travis is one of the most fun places to spend a day in their part of Texas. It?s also a company that realizes that not everyone has access to a boat to fully enjoy the lake. That?s why they are happy to provide premier party boat rentals so everyone can maximize their enjoyment of the lake whether they own a boat or not.

Now the company has announced they have just launched a new and improved website. It?s a much-improved website that better showcases their services and includes more photos than ever about why a party boat rental on Lake Travis is so much fun for those that do it. The website also goes into more detail than their previous website on the highlight features of the boats they have available to rent. This includes information on the Mayhem Pontoon which is ideal for parties of 11 people or less and the double-deck Rambunctious Pontoon which can accommodate groups of up to 17 persons. Kris Fisher, company owner and a boat captain for Good Time Tours, also talked about how the new and improved website goes over the rules and regulations regarding a boat rental with them, what group members can and cannot bring on a boat, and how easy the new website makes it to book a pontoon boat party with them.

Captain Fisher went on to say that their party boat rental service leaves out of Paradise Cove Marina which is in the Hudson Bend area of beautiful Lake Travis. It?s a location that?s just a short 23 miles from Downtown Austin. He stated that their party rental boats provide the perfect setting for bachelor parties, bachelorette parties, anniversary celebrations, birthday extravaganzas, or general fun times on the lake with family and friends. They are also known for their incredible Lake Travis sunset cruises. Captain Kris says, ?We at Good Time Tours provide the ultimate Lake Travis party boat experience. Our luxury boats and pontoon rentals are top-of-the-line and come complete with everything you need to party in style. Our licensed and experienced captains will do all the work while you sit back and relax as we cruise up to the dam, an island, or the Oasis at sunset. We even can park and party with other boats at such popular lake spots as Hippie Hollow and Devils Cove.? He added that their captains are more than happy to man the grill for the groups that they host and have even been known to help serve drinks.

Those that have decided to rent a party boat from Good Time Tours often write rave reviews about their experience with the service. David Dreyfus stated, ?Thank you Captain Kris for being the best captain on the water. I had the best time of my life. I would highly recommend this place to anybody if you are trying to go out on Lake Travis and want to have a great time. Captain Chris made this so special for us and he even grilled all our food to perfection. Don't hesitate to book this company, they will take great care of you. The experience was unlike that of any other boat rental company in America. Hands down the best? Andrea Svoboda proclaimed, ?Captain Kris is hands down the BEST!! We are repeat customers! We?ve used his service at least 3 times and always come back! His boat is excellent, and he has always given exceptional service. He cooks your food to order, refills your drinks, and makes sure every aspect of your trip is accommodated. He?s professional, friendly, and so much fun. Can?t wait until our next trip! Thank you.?

Those that want more information on Good Time Tours Lake Travis party boat rentals, including the double-deck pontoon boat complete with 2000 w stereo system, lily pad, full grill, ice chest, restroom, and even a water slide, can see this information on their new and improved website at https://goodtimeaustin.com/.
