Locally owned and operated, Motor City Disposal provides online booking options for Saint Clair Shores dumpster rental selections to support many different types of residential or commercial projects in the Fraser area. The company offers customers a wide variety of rubber tire bins that are convenient for a broad scope of objectives, including building renovations, new homes, and other construction, development, or demolition projects. Anyone who is interested in dumpster rental in St. Clair Shores, MI may visit the company's website to learn more about this service.

Owner Jason Stupera founded his company to offer reliable and cost-effective waste disposal services to the residents, contractors, and business owners of St. Clair Shores and the surrounding areas of eastern Michigan. ?Home renovations, roofing repairs, and commercial developments can become unmanageable quickly without proper waste control, which is where our company steps in to handle the disposal so our customers have the energy and clean work site to complete the task at hand,? Jason said.

Dumpsters made of rubber tires are employed in a wide range of cleaning and demolition projects for both homes and businesses. The bins are frequently delivered to support garage cleanouts, furniture or appliance removal, downsizing, house renovations, roofing repairs, shed construction and demolition, among other purposes, according to the company website. To meet the unique needs of its clients, Motor City Disposal provides both short- and long-term dumpster rentals in St. Clair Shores, Michigan.

Customers are urged to visit the company's website and select the pink "Book Now" button to view the choices for available dumpsters and make an online reservation. Customers can choose the length of their rental, the location of delivery, and any other important rental information. Any major credit card is accepted by the business online. Customers will receive a confirmation email with a digital copy of the signed contract and receipt once payment has been received.

Those searching for a conveniently-placed container to collect and remove waste can view the two size choices available from Motor City Disposal. The business offers 10-yard and 20-yard dumpsters to meet one-time or ongoing waste disposal needs. The business offers 10-yard and 20-yard dumpsters to meet one-time or ongoing waste disposal needs. The 10-yard costs $350 for up to seven days and has the following dimensions: 12' long by 6' wide by 4' high. Three tons of waste disposal are included in the base price, and additional weight can be added for $55 per ton. Beyond the initial seven-day rental period, additional days are available for a fee of $35 per day. According to the company's website, this size is frequently used for yard cleanups, single-room remodeling projects, carpet or flooring removal, and home cleanouts.

The 20-yard rubber tire container measures 16 feet long, 6 feet wide, and 5.5 feet high and is available for up to seven days for the initial base price of $450. The base price includes four tons of waste disposal, and additional weight can be added for $55 per ton. Extra days beyond the first seven-day rental period are available at a premium of $35 per day. House demolitions, garage cleanouts, eviction clean-ups, and the removal of substantial amounts of household debris are all common uses for the 20-yard.

The company confirms that it can haul a variety of waste, including construction debris, yard waste, furniture, appliances, mattresses, e-waste, hot tubs, and garbage. Asbestos, paints, motor oils, and gasoline are examples of toxic and flammable substances that cannot be removed using the company's containers. It is not permitted to dispose of hazardous waste in the company's containers, including asbestos, paint, motor oils, and gasoline. Concrete, bricks, blocks, soil, and shingles cannot be delivered into a container unless prior express authorization is given by the company. Customers will be fined for each item and the level of contamination if they violate the ban and are found to be in possession of prohibited materials. The company can haul tires at an additional cost.
