Out Of The Light And Into Sun - Method Seven Announces Discounts On Grow Glasses And A Chance To Win Big

September 20, 2022

Santa Cruz, California - September 20, 2022 -
Specialty optics company Method Seven has announced a new promotional sale that also offers participants a chance to be one of two winners to receive a host of goodies. The contest is scheduled to run from 14th September 2022 to 11:59 PM on 7th October 2022. The two winners of the contest will be notified via email on 8th October 2022.

Method Seven is calling on its most loyal customers, who might have been waiting for a chance to purchase another pair of one of its high-quality grow room glasses, to use the Method Seven coupon codes to enjoy a 20% discount. Method Seven notes on its website that Photo Filters, Pilot glasses, Apparel, and Rx glasses are not included in the sale and contest.

James Cox, CEO of Method Seven invited fans to participate in the sale and contest by saying, ?Ever since we started serving the needs of demanding professionals and enthusiasts such as growers, pilots, and athletes, we have kept a finger on the pulse of the community to figure out what they want and expect from us. Everything we do is to make the lives of our most ardent fans easier and, dare I say, more stylish. That is why we use the best German, Italian, and Japanese engineering principles and manufacturing techniques to craft our products. That is also why we offer free repair and replacement for Method Seven products due to defects in materials or workmanship. Since our inception, we have crafted our products and policies to appeal to the brave and innovative individuals who are enthusiastically daily driving them and excelling at their chosen craft or career. The latest sale is just our way to say thank you to everyone who has stuck with us throughout these years. We wouldn?t be able to bring you these high-quality product lines that serve a broad range of professional needs without your support from day one. If you have wish-listed any of the grow room glasses on our website, consider this a great opportunity to get a hefty discount on them while also getting a chance to win custom Method Seven merch. Head over to our website today, participate in the sale, and you

could be one of just two lucky winners.?

Customers who avail of the promotional offer also get automatically entered in a contest to win a bundle of products and swag from Method Seven that it is calling the SUN package. The SUN package includes a pair of Method Seven Polarized Sunglasses, $100 cash to spend at one?s favorite outdoor event, a Method Seven Track Jacket by New Era, a Method Seven Snapback Running Trucker Hat by BOCO Gear, and a Method Seven t-shirt.

The company announced the sale on its Instagram page in a post on 14th September 2022. Fans of Method Seven expressed their excitement about the sale by leaving comments on the post such as ?Wow, quite the prize package,? ?This is awesome,? ?Amped! Can?t wait to enter. Such a lux prize package,? and ?I want a pair of my own. So I don?t have to steal hubby?s all the time.?

Method Seven?s Grow Room Glasses, which are eligible for the 20% discount as per the latest promotional offer, feature advanced eye protection and color correction for those working under high-pressure sodium (HPS) lights. The rare earth metals used in the manufacture of the grow glasses fare much better than cheaper plastic substitutes as they remove the high energy spike HPS lights emit while also removing the stroboscopic effect of HPS bulbs. Method Seven?s LED+ lenses offer profound color balance for red/blue to magenta spectrum LED grow lights. The company?s FX lenses are designed for full spectrum LED lights, offering subtle color balance to enhance contrast.

Method Seven offers free shipping and returns on all domestic orders, has a generous ?No Questions Asked? 30-day return policy, and all of its products are backed by a warranty and forever policy.
