Paramount Roofing & Consulting Receives 5-Star Review for Its Residential Roof Repair Services in Douglasville, GA

September 26, 2022

September 26, 2022 -

Douglas County, Georgia-based roofing contractor Paramount Roofing & Consulting has received a glowing 5-star review on its Google My Business profile that praises the company?s roofing expertise and the after-sales support it gave the reviewer. The review is yet another of over 130 such testimonials that the company has accrued over the years on its GMB listing netting it a perfect overall 5.0 out of 5.0 rating.

The review begins by talking about the fast response the client received from the company, the quick turnaround time, the meticulous clean-up work performed by its technicians, and the quality of the roofing materials used that led to a noticeable improvement to their property?s interior temperature.

The review says, ?My experience with Paramount Roofing has been EXCEPTIONAL from the very beginning to the very end! From roof inspection to roof installation, every step was effortless for me. I appreciate how Mr. Floyd kept me informed. The installation team arrived around 6:30 AM and left at 3:45 PM. They prepared my outside area very well and cleaned up completely. I have no complaints at all. The quality of the material is great! I immediately noticed a difference in the temperature in my house. My thermostat has been set on

77? or 78? during spring/summer for nearly 13 years. I'm ok with 80? now because at 78? it gets cold.?

The Paramount Roofing & Consulting customer review then describes how the company helped the reviewer file a claim with their insurance provider by saying, ?I highly recommend Paramount Roofing. Unlike two previous inspectors sent by my insurance company, who quickly determined only repairs were needed, Paramount Roofing's inspection was very thorough - resulting in a FULL replacement of my roof...paid for by my insurance company! If I could use Paramount Roofing for anything else, I certainly would.?

Otis Floyd, the owner of Paramount Roofing & Consulting described his elation at having his team?s work acknowledged by saying, ?We would like to thank the reviewer for taking the time to draft such a detailed response recognizing the hard work that we put in. Her experience with our services is in line with what all our customers report. It is no fluke as we have perfected our customer service over the years to address all of their needs regardless of their knowledge of their property?s roofing. We always place top priority on making sure that our fellow Georgians have an easy time understanding the work we do and then helping them with any other support tasks they may need, such as getting recompensated for the repairs from their insurance companies. If you are a homeowner who still needs to be convinced that we offer the best roofing services that money can buy in Douglas County, head over to our Google My Business page and read the many reviews where our customers vouch for us.?

Paramount Roofing & Consulting offers a range of roofing services including roof installation, asphalt shingle roof repair and replacement, chimneys, roof gutter installation and repair, metal roof installation and repair, standing seam metal roofing, steel roofing, roof inspections, roof leak repair, skylight repair and replacement, soffit and fascia repair, synthetic shake shingles, synthetic slate roofing, synthetic tile roofing, storm damage restoration, roof tarping, emergency roof repair, hail damage roof repair, wind damage roof repair, and more.
