Locbit & Plug N Switch Participate in San Diego Rexel Experience Energy Expo

November 17, 2015

November 17, 2015 -

San Diego Companies, Locbit and Plug N Switch announce their participation in the Rexel Experience Energy Expo (RE3) in San Diego, at the Sheraton San Diego Hotel & Marina.

The event will be an interactive showcase of LED and Solar technologies, that gives attendees the ability to talk with technology experts and discuss plans for growing their business.

According to Locbit Director of Marketing, Marija Dimitrova, ?In an industry that is changing as quickly as LED is, maintaining up-to-date product knowledge, as well as tools for new construction or retrofits is critical.?

The event will take place Wednesday, November 18, 2015 from 9:30 AM to 2:30 PM, and attendees can register for this free energy expo here.

Locbit VP of Sales, Brian Murphy, said that, ?we will be showing how large building owners can subtract 10 -

30% off of every energy check that they write using our Internet of Things Platform.?

Locbit believes that customers are getting tired of being told that they have to have separate software applications to control lights, thermostats, and electrical outlets, and other devices. Locbit will be demonstrating how the Locbit Platform, as a single point of entry for controlling multiple devices, delivers energy savings.

Locbit?s contact information and list of team members can be found on their website. Here, those interested in taking advantage of Locbit?s services can make inquiries, read more about how analytics work to streamline other businesses, and view case studies on the efficiency of this cloud based automation system. The company has made it clear that they hope to assist each client rapidly connect their devices to the cloud, harness the power of analytics and cloud computing, and automatically control critical tasks.
