

Clever Ties Production Launches "Preparing For The Holidays" Website In Time For Thanksgiving

November 23, 2015

November 23, 2015 - PRESSADVANTAGE -

Clever Ties Productions LLC, a business in Canton, MI, that produces and distributes entertaining and informational programs and books, has recently launched the 'Preparing for the Holidays' website. The site, which can be found at <http://preparingfortheholidays.com/>, aims to provide people with useful hints and tips to be ready for the holiday season.

"With the holidays just around the corner, we felt it was time to launch a website dedicated specifically to this season," says Vicki from Clever Ties Productions LLC. "Our new website includes sections for each of the specific holidays. Our latest update is the Thanksgiving site, where we talk about all sorts of fun things to try, make and do."

The Preparing for the Holidays site is an informational site that provides reviews on various interesting products and other items that are relevant to the holiday season, but it also provides fascinating pieces of advice and information. Additionally, they intend to start releasing their own products as well, which will tie in with the holiday season. While having only just been launched, the site is already filled with information and is proving to be very popular.

"Our Preparing for the Holidays site is going to be full of resources, recipes, reviews and other information specific to each of the different holidays," says Alicia from Clever Ties Productions LLC. "While our current strongest focus is on Thanksgiving, there is also information available for Black Friday and Christmas. Additionally, we have some great resources available that relate specifically to weddings."

Through the holiday calendar that is included on the website, consumers can choose their favorite holiday and look through the recommendations that are available to them. Specific to the upcoming Thanksgiving holiday, Clever Ties Production discusses the best apps to get to help people plan for the holiday. These include recipe books and party planning guides, for instance. A large part of Thanksgiving is, of course, the turkey and this is discussed at great length on the website. Discussions include recipe ideas, tips to keep it moist, where to purchase it, and more. The Thanksgiving guide can be found at <http://preparingfortheholidays.com/thanksgiving/>.
