

Mobalpa Opens New Kitchens Showroom In Wimbledon

November 25, 2015

November 25, 2015 - PRESSADVANTAGE -

London based Mobalpa Wimbledon has announced the opening of their new kitchen showroom. The showroom has been designed with the latest Mobalpa creations, which showcase modern living within the kitchen space. The grand opening event has received huge interest.

Managing Director, Biola Apooyin said, "The showroom has a very high visibility, which is a very important requirement in this industry and also the proximity to Richmond gives me confidence to manage both showrooms effectively."

They are currently in promotion until January 2016 for free installation on a full kitchen and a free NEFF dishwasher and some Bosch consumer products like kettles, toasters, food processors, Athlete vacuum cleaners and other prizes.

"After the success of the Richmond showroom and having completed some kitchens projects in Wimbledon without having a showroom there," states Biola, "We decided that a Kitchen showroom Wimbledon is a stellar idea."

Mobalpa kitchens are manufactured in the French Alps with premium materials. Biola states that the

company specialises in personalised kitchens, which are made to measure specifically for their customers, and that the new showroom will offer a place for customers to get a feel for the kitchen designs and how those designs can be implemented into their own homes.

In-house designers are available at the new showroom to help customers determine the best design and process for their new kitchens. A number of colours and specific designs are available, and designers are experienced with working with a number of styles and colour palettes. Each designer has his or her own unique specialty and experience, from wooden kitchens to more modern stainless steel options.

The new kitchens Wimbledon showcase is open now for customers to look and choose the design that best fits their home and personal preference. Biola states that, "Customers interested in learning more about our designs and our process can contact us at our newest showcase location."

More about Mobalpa, including a list of the designs currently offered, can be seen on their official website. The new Wimbledon showroom is open Monday through Saturday from 9:30 a.m. until 6:00 p.m. or Sunday from 11:00 a.m. until 4:00 p.m.
