Florida based duo of Wes Smart and Andy Hu launched their new website [alphamaleplaybook.com](http://alphamaleplaybook.com) in 2015 that provides expert dating tips and useful dating information to assist men having love dilemmas and dating woes, helping them in getting their dream date.

Everyone wants to find a partner that they could feel is their special one. But not everyone is an expert in it. Men generally find it difficult to decide how to approach, what to talk about, what things to take care of, what women prefer and much more. Florida based duo of Wes Smart and Andy Hu, Founders of Alpha Male Playbook have come up with a solution for all such men in the form of their recently launched website that provides expert advice and tips for men to demystify the dating dilemmas and make a confident approach. The site differentiates itself by offering down-to-earth and practical advice.

Talking about the reason behind launching their website, they said that dating has been something that many men have found difficult to go on with. This happens because most of them don't have a clue about how to approach their dream date and all the other related aspects. Generally, such men find it really difficult to connect with a woman whom they are attracted to. ?Reasons are many, including the fact that mostly they don't know what to talk about with a girl even if they approach her,? they said.

They explained about the website and said that their website is an expert solution to all dating dilemmas of men. ?The website features many useful tips and tricks from experts that can help people to approach their dream date confidently,? they said. Reportedly, the articles featured on the website contain expert opinions and advice about things like approaching the one liked, what things girls are interested in talking about, relationship tips, and many more issues that people these days find a mystery.

They also said that since online dating has been becoming the new hot trend, there are many tips and advice about dates online too. Adding to that, they said that the writers of these articles are experienced relationship and dating experts who are there to sort out all dating related issues of men. Focusing on every small detail ranging from with what words to start conversation with and what not and why, what things to focus on and

what not, and how to end the conversation in a way that it leaves a scope for further continuation; the articles provide answers to every dating query that people have.

Now that the website has been launched by Wes and Andy, this can provide some relief to those who are struggling to get started with their love life.
