November 17, 2015 - PRESSADVANTAGE -

A one year search and review of all the available real estate agents in Burlington Ontario has finally been completed and one of Canada's most innovative independent brokerages has come out the winner. Neighbourswalk Realty Inc. has been chosen as the exclusive brokerage partner of Ross Kay Realty Consultants for the delivery of brokerage services for RKRC's real estate advisory service in both Burlington and Oakville. Neighbourswalk joins a team of Canada's most accomplished and respected real estate service providers that operates under the direct guidance of Ross Kay Realty Consultants.

"We selected Jay and his brokerage after review over 600 of the areas top real estate agents. Jay's ownership of the brokerage and his ability to deliver the cutting edge tools we demand for our clients placed his firm at the top of our list. We negotiated a terms of service that ensures our clients will now receive a level of sophistication on the agent side that is not available anywhere else in North America," stated Ross Kay, President and Founder of Ross Kay Realty Consultants.

Neighbourswalk completed 6 months of intensive training that culminated in their achieving Certification

under the RKRC Approved Brokerage Program, a program that educates and trains brokerages and agents on how real estate should be bought and sold in 2015 and beyond. When selecting an RKRC Approved Brokerage consumers instantly gain access to the same corporate level programs utilized by over 50 of Canada's leading corporations and the government of Canada itself.

"RKRC has deconstructed the real estate buying and selling process and taken each component to exceed any current relocation standard in existence," Jay Lannin Broker of Record for NeighboursWalk Realty concluded. "To say our eyes got opened would be an understatement. The team RKRC has assembled is so comprehensive and of such a quality we were happy to undergo the training whether we were selected or not. At the end of the day entering this 2 year contract has proven the hard work our team put into learning the innovation required in the RKRC process is a win win for NeighboursWalk."

As an RKRC brokerage service provider NeighboursWalk operates under a set standard that places their services beyond what any consumer can contract for without RKRC oversight. Where normally anyone with a real estate license can buy dozens of designations or accreditations by often nothing more than paying 45 dollars to take a 45 minute seminar, RKRC approval requires the most vigilant vetting process in the industry. NeighboursWalk is now able to deliver on site market intelligence to consumers that has made Ross Kay Realty Consultants Canada's recognized leader in real estate.

Burlington home owners and home buyers immediately gain access to customized real estate services that were previously delivered on a take it or leave it basis, alongside new innovations that make their entire experience less risky and more financially beneficial. As part of the NeighboursWalk selection, all NeighboursWalk clients will receive ongoing access to the RKRC Equity Management Program something that will save them \$199 a year. RKRC Equity Management Program, has allowed home owners to see their equity grow 20% higher than their neighbours by simply monitoring and making intelligent decision on how to handle their mortgage, property taxes and timing of their real estate purchases.

NeighboursWalk Realty Brokerage is located in Burlington Ontario delivering real estate trading services across the GTA. Ross Kay Realty Consultants is Canada's only real estate advisory service that assists consumers, corporations and government in their real estate market intelligence. RKRC Approved Brokerage Program is delivered across select cities across Canada and ensures a consistent quality of real estate service is delivered for the first time in North America.
