

Chase Pays Cash LLC Announces - "We Buy Houses in Huntsville Fast at a Fair Price"

October 04, 2022

Trussville, Alabama - October 04, 2022 -
Chase Pays Cash LLC is helping Huntsville, Alabama, homeowners get the fair market value for their property in a quick, all-cash transaction.

The Trussville-based real estate investment firm is a cash home buyer, a company that helps property owners sidestep the traditional home selling procedure. Homeowners who work with cash home buyers don?t have to sign up with a real estate agent or list their property for sale. Instead of finding other interested buyers for the property, cash home buyers such as Chase Pays Cash LLC instead buy the home themselves in an outright all-cash purchase.

This has several benefits for a homeowner. The biggest advantage is the short amount of time it takes for the deal to be finalized and the money to arrive in their bank accounts as compared to the time they would spend if they went through a realtor. Cash home buyers can offer a quote on a property based on parameters such as its age, its location, the number of bedrooms and bathrooms, and its size without waiting for a third party.

As long as a property meets the real estate company?s criteria, homeowners can expect quick closing.

Next, cash home buyers usually buy properties ?as-is.? This means that homeowners don?t have to worry about whether their property needs repairs or renovations to appeal to other individuals or families. Since the cash home buyers perform a thorough assessment of the property, homeowners only have to concern themselves with whether the company?s offer sits right with them. This also eliminates tasks like staging which involve moving one?s belongings out of the property to achieve a decluttered look. Homeowners can go on with their lives without interruptions until they receive an offer that they like.

Finally, since cash home buyers, such as Huntsville?s Chase Pays Cash LLC, pay for the home from their reserve funds, there is no uncertainty about receiving payment. When selling through a realtor, homeowners must wait for the buyer to get approved for a mortgage. This can further drag on the process of selling the home, especially if several bidders get denied by their financial providers.

Chase Smith, the founder of Chase Pays Cash LLC, comments on the ease of working with a cash home buyer by saying, ?Working with us is one of the easiest and fastest ways to sell a property in Birmingham and Huntsville. We have years of experience buying properties in Alabama which has given us deep insight into what makes an appealing purchase. So when we make you an offer, we are as serious as we can be and we very much intend to close as soon as possible. We have streamlined our processes to such a degree that you can expect an offer from us within 24 hours of that first call. All the homeowners that we buy houses from, thank us for the speed and efficiency with which we operate. Our fast cash offers give them the assurance that their anxiety over finding a buyer for the property is over and the funds that they need will arrive soon.?

Chase Pays Cash LLC has a simple 4-step process for homeowners in Huntsville to get a fair cash offer for their property. It begins with the homeowner seeking out a quote from the company by filling out a short property information form online or by calling the company and talking to one of its representatives. A walkthrough of the home is then scheduled. Next, Chase Pays Cash LLC will make the client a no-obligation offer based on their analysis. The seller now gets the chance to mull over the offer and decide whether they want to go for it. Once the initial offer is accepted, the team at Chase Pays Cash LLC will start inspecting the property owner?s paperwork and will make arrangements to have the title transferred. The process takes no more than a few days, following which the company will pay the homeowner via a wire transfer.
