

Pensacola Upholstery Cleaning Company is Offering Kleenguard Solvent Protector for All Upholstery Cleanings

October 03, 2022

October 03, 2022 - PRESSADVANTAGE -

Pensacola, Fla. ? As a trusted cleaning company in Pensacola that offers many services, such as carpet cleaning, hardwood floor cleaning, rug cleaning, and upholstery cleaning, Elite Services Quality Clean is thrilled to now offer their clients an even better experience with the addition of a Kleenguard Solvent Protector treatment during upholstery cleanings.

To receive a Kleenguard Solvent Protector treatment during an upholstery cleaning, a client need only ask for it. This extra service is being offered for a limited time only, so Elite Services is urging clients to take advantage of it now. Kleenguard Solvent Protector provides maximum protection against water and oil-based stains on various materials. It has superior fiber penetration and migration capabilities, causing the protection to last a long time with abrasion and wear resistance.

Some other positive features of Kleenguard are its lack of effect on the appearance and feel of the material it

treats, the protection it provides against fading and damage from ultraviolet sun rays, and the lack of harm it causes to bleeders and other fabric that may be damaged by water. In other words, Kleenguard is safe for almost any type of fabric in virtually any condition.

Elite Services is excited to administer the Kleenguard treatment to their clients' upholstery pieces, knowing that it will add a layer of protection to their carefully chosen and maintained pieces of furniture.
