Austin Haines - Austin is the author of the Amazon Best-selling book Flashpoint Your Turnaround Story Starts Here. As your Flashpoint Master Facilitator, Austin guides you to experience your Flashpoint. Austin became an Award-Winning Speaker, Trainer, Podcast Host, and Coach. He reaches his audiences wherever they are on their growth path and engages them on a life journey to propel them forward towards their own Flashpoint.

Austin's Flashpoint occurred after he struggled for many years living an unfulfilled life—a seemingly endless climb to reach nothing but dead ends and defeat. He carried the burdens of low self-esteem feeling branded by the scars from his broken childhood. Later in life, a major tragedy, tumultuous relationships, financial ruin, and the threat of addiction created a hurricane of hopelessness, dragging him into a dark space and time where he felt that his life was over.

Through the support of his family, mentors, self-education, and spiritual beliefs, things started to change. Austin landed a promising new job, but within a year he was told he would be fired if he did not turn things around. This was the genesis of Flashpoint. During this time Austin created a big breakthrough that propelled him to become a top producer during a 19-year career with the same company. Most recently, Austin resigned from his career and reinvented his life to become a full-time Life & Business Coach, Author, and Speaker. His Flashpoint set him on a mission to reach out and pave a path for you to reinvent your life and journey through, allowing you to emerge into a purpose.
