Artisan Vapor & CBD Offers Range Of Delta 8 Products

October 07, 2022

October 07, 2022 -
The Addison, Texas based branch of Artisan Vapor & CBD is reaching out to local residents to explain why they should try out Delta 8 products. Established in 2013, Artisan Vapor & CBD has grown rapidly to become a pioneer in the electronic cigarettes industry. Today, the store owns over 40 stores in the US, making it the largest CBD and e-cigarette retail chain in the country.

Donald Nguyen from Artisan Vapor & CBD in Addison says, ?Delta 8 THC is a natural compound known as a cannabinoid found in cannabis plants. It is like the nicer, mellower younger sibling of the more potent Delta 9 THC and provides a variety of benefits with almost none of the drawbacks. You will experience a better high with an all-encompassing sense of calm, euphoria and relaxation, without any stress. You can experience all that yourself. Just stop by our local store on Belt Line Rd and buy some premium Delta 8 THC products.?

Artisan Vapor & CBD offers a range of Delta 8 products including but not limited to Delta 8 Cartridges, Delta 8 Edibles, Delta 8 infused Flowers, Delta 8 pre-rolls, Delta 8 Tinctures and Delta 8 Disposables. These products come in a variety of brands, flavors and forms, including gummies, brownie bites and more. Those interested in trying out Artisan Vapor & CBD?s range of Delta 8 products can find their address at the following link: Delta 8 Near Me.

As Nguyen explained, Delta 8 is a milder form of the more common Delta 9. Both Delta 8 and Delta 9 are almost identical in their chemical structure, and that similarity means that both of them have very similar effects on the human body. They both bind to the same receptors in the brain, for instance, particularly one known as the cannabinoid type 1 (or CB1) receptor (which produces the high people experience when they smoke a joint or eat a weed gummy). However, research shows that delta-8 has a slightly weaker attachment to the CB1 receptor than delta-9, which tempers its effect, and as a result provides a much more subtle high.

Nguyen says, ?If you want to try CBD products, you probably don?t want to immediately start with a very potent product. This makes Delta 8 an excellent choice for people who are interested in dipping their toes into CBD. Due to how mellow it is, you will have a nice, relaxed high with pretty much none of the issues that beginners to cannabis run into.?

Those who have bought CBD products from the Addison Artisan Vapor & CBD store have nothing but praise for the services rendered by the store. D. Dearing writes in their 5-Star Google review, ?I went to this place for the first time ever. The whole store is amazing and calm and smells good. It even has a fish tank, but the best part of this visit was Wes. He took major care of me, and he made me spend money I do not have! He is a great seller and a great person to talk to. As long as he is here, I'm going to keep coming! Thank you so much, Wes!?

In another review, A. Gristy writes, ?These guys are truly fantastic! Products are always on point and reasonably priced. The staff is phenomenal, very educated and informational in their products. My husband and I will not go anywhere else. With great selections, fantastic people and good pricing, you really don't need to look any further. Plus their hours are huge, plus they open at 8 a.m., unlike any other vape shop, and with us having crazy work hours, we are never without vape products. Thank you so much, guys, you rock!?

Those who want to learn more about Artisan Vapor & CBD and the range of products they have on offer should visit the company?s website to get started. Addison residents who are interested in purchasing some Delta 8 products or other CBD products can visit their local store. Find their address here: CBD Store Near Me. Donald Nguyen encourages interested parties to get in touch with him directly via email or phone for any questions they may have.
