

## **Digital Business Card Generator Smart V Card Launches on App Sumo with An Enticing Discount**

*October 18, 2022*

October 18, 2022 - PRESSADVANTAGE -

Smart vCard's white label agency lifetime license is now available on sale on AppSumo for the reduced one-time payment of just \$37, less than half its regular price of \$97.

The digital business card generator's white-label agency lifetime license allows users to create unlimited digital business cards with built-in vCard functionality and to self-host the cards on any domain of their choice for free as long as that domain has webhosting with cPanel or FTP access. The agency lifetime license also gives users the ability to white label and brand the footer of their Smart vCards with the name or the URL of the agency or any other personal footer message.

Smart vCard's AppSumo listing is categorized under the Web Builders category, which is located within the Build It Yourself category, within the Software category. The agency lifetime license is perfect for graphic designers, marketing agencies, and small businesses that offer any kind of digital marketing services to their clients. The license includes all future agency license plan updates to the software.

According to AppSumo's terms and conditions, the buyer must redeem the code within 60 days of purchase.

The website offers a 60-day money-back guarantee for users who want to try out the software to make sure that it is right for them. AppSumo also notes on the listing that the deal is not stackable.

Jeff Baer, the creator of Smart vCard, talks about the launch of the white label agency license deal on AppSumo by saying, "We have received amazing feedback from our users since we launched Smart vCard. They are loving how easy and quick it makes generating digital business cards for all their clients. Many of our users also praise the customization options, especially the fact that they can tweak the color schemes to match their clients' brands. With the launch of the agency lifetime license deal on AppSumo, we are bringing all these features to customers who are still on the fence about signing up. As one of the most popular marketplaces on the web for digital goods and online services, we believe that the launch of the Smart vCard white label agency lifetime license on AppSumo will bring us the exposure we need from our target audience. Check out the AppSumo Smart vCard deal today!"

Smart vCard creates beautiful and responsive HTML-based digital business cards that can be hosted on any domain. Every digital business card also comes bundled with a .vcf file that can be easily shared with one's contacts. The information that can be customized on the business card includes headshots, brand logos, first name, last name, gender pronouns, job title, business name, business address, and business description.

Smart vCard also supports a host of primary actions including calls, messaging, fax, email, WhatsApp, Telegram, and more. Secondary actions include the most popular social media platforms such as Facebook, Instagram, LinkedIn, TikTok, Twitter, and more. The Smart vCard can also be supplemented with media in several formats including jpeg, png, mp3, mp4, WebM, and pdf, text messages, embed codes, and links to products.

Smart vCard has received 15 reviews on its AppSumo listing and it currently has a 4.87 out of 5.0 rating. One of the reviews from Joshua, a verified purchaser, says, "This has been great to use for our marketing materials. Easy to set up and use for our clients as well. Thank you for putting together a great product that is simple to use and easy to be creative with." Another review titled "Easiest app to generate vCard," says, "I can't give more than 5 stars, but this deserves 10!! It's easy to use and you can customize everything if you know a bit of HTML, really simple. I was looking for an easy way to create a VCF file that people can download and adding other links is great. Planning on offering this to others as well."

Readers are also encouraged to check out Reviews Zip, the other popular software product from BizViz, the company behind Smart vCard.
