Driveway Group LLC Offers Online Booking for a Dumpster Rental in Nashville

October 13, 2022

October 13, 2022 -
Locally owned and operated Driveway Group LLC provides options for reserving a dumpster rental in Nashville online or over the phone with its staff. Those interested in scheduling delivery with the company for residential or commercial purposes can visit the company?s official website, navigate the online booking system, and submit payment via the secure system. The company can also be reached via email or phone to complete reservation requests.

Owner Matt Mosley began his company in 2020 with the goal of making it as simple and streamlined as possible to book dumpster rentals in Nashville, TN, and surrounding communities. ?It shouldn?t take more than a few minutes to schedule a dumpster delivery and with the help of our booking tool, we?ve made it easier than ever to browse options, select the best fit for your waste removal needs, and get on our books with a few easy clicks,? Matt said.

The company?s website features a state-of-the-art scheduling tool that allows customers to view available

container options, decide on the best size selection for their specific project goals, and book the rental using any smart device. To get started, customers can navigate to the company website, scroll and choose between ?Construction Waste Dumpster Rentals? and ?Household and Construction Dumpster Rentals,? view the available size options, and click the pink ?Book Now? button next to the price point of the desired bin.

At this point, the customer can review the dimensions, the rental timeframe, the tonnage included, and any possible additional charges for extra days or tonnage. If the selection is right for the customer?s waste disposal needs, they can then click the pink ?Add to Cart? button to begin the checkout process. Select the service type (contractor or homeowner), choose the drop-off and pick-up dates using the calendar function, review the cart, then click the pink ?Checkout? button in the lower right corner.

Customers will then be prompted to input contact and billing information, dumpster placement information (including the delivery address and materials being dumped), and any other pertinent information before digitally signing the rental agreement and submitting payment using any major credit card. Once payment is submitted, a confirmation email with a digital copy of the receipt and signed agreement will be sent to the customer and a member of the Driveway Group LLC team will be in touch leading up to the delivery date to confirm a drop-off window that works best for the customer. The customer does not have to be present for the drop-off if accurate placement information is provided with reserving online.

The company offers many versatile sizing options to support a broad scope of project goals, including general cleanouts, renovations, repairs, demolitions, and developments. The company offers 10-yard, 15-yard, 20-yard, and 30-yard options for construction waste. The 10-yard begins at $375 for up to 14 days of rental time with three tons of waste disposal included in the base price. The 15-yard begins at $475 for up to 14 days of rental time with three tons of waste disposal included in the base price. The 20-yard begins at $625 for up to 14 days of rental time with 12 tons of waste disposal included in the base price. The 30-yard begins at $750 for up to 14 days of rental time with 12 tons of waste disposal included in the base price.

The company offers 10-yard, 15-yard, 20-yard, and 30-yard options for household projects and waste. The 10-yard begins at $300 for up to 14 days of rental time with one ton of waste disposal included in the base price. The 15-yard begins at $350 for up to 14 days of rental time with 1.5 tons of waste disposal included in the base price. The 20-yard begins at $450 for up to 14 days of rental time with two tons of waste disposal included in the base price. The 30-yard begins at $500 for up to 14 days of rental time with two tons of waste disposal included in the base price. Additional days and extra weight are available for purchase.

Those interested in learning more or reserving a dumpster are encouraged to contact the company or

navigate its website for convenient booking options.
