

Queens Workers Compensation Attorney Keetick L. Sanchez Discusses The Importance of Having a Workers Compensation Attorney

October 14, 2022

JACKSON HEIGHTS, NY - October 14, 2022 -

Queens workers? compensation lawyer Keetick L. Sanchez (https://accidentlawyer-queens.com/workers-compensation/) releases a new article that discusses the role of a workers' compensation attorney. The lawyer mentions that being injured at work can leave an individual and their family stressed with extensive medical bills and the reduced ability to work for the person who is injured.

According to the Queens workers' compensation lawyer, ?In New York, laws are in place to make sure you are able to pay these bills, recover lost wages, and obtain disability benefits if returning to work isn?t possible. An experienced workers' compensation lawyer may be able to help the victim receive the compensation they deserve.?

The lawyer explains that workers? compensation laws are in place to ensure that every worker who suffers

an injury at work receives enough benefits to cover their losses. In order for an individual to make a claim under the New York worker?s compensation laws, the injuries must satisfy certain reasons.

Attorney Keetick L. Sanchez says that the reasons that will allow someone to make a claim under the workers? compensation laws include that the accident must have happened in a workplace, the accident happened while performing work-related duties, the injuries occurred as a result of work-related tasks or operations, and that the injuries occurred as a result of exposure to toxins or chemicals through the course of work.

In the article, the lawyer mentions that the compensation benefits for workers should be able to provide coverage for everyday expenses and medical bills. An employee is not able to sue their employers when they are injured in the workplace, instead, they must file a claim under workers? compensation law in order to recover their losses.

?Compensation for other losses including pain and suffering may be recovered if you can prove negligence on the part of a third party who could be sued for your injuries,? says attorney Keetick L. Sanchez. ?Consulting with a New York City workers? compensation attorney from our firm can help you determine if these losses can be considered as part of your claim.?

Lastly, attorney Sanchez emphasizes the importance of having a skilled lawyer when it comes to matters such as workers' compensation. Having an experienced attorney may be able to help the victim receive the compensation that they deserve for the injuries they suffered.
