

Sumter County Garbage Pickup Provider Hook Company Offers Various Trash Removal Services

October 14, 2022

October 14, 2022 -

Family-owned and operated Sumter County garbage pickup provider Hook Company now offers various trash removal services for residential and commercial purposes. Those interested in scheduling service with the company or learning more about its prices or policies are encouraged to visit the official website or contact staff directly via phone or email for more information.

Owner Justin Bentley founded Hook Company in 1991 with the help of his family. ?Our goal from the very beginning is just to help keep our amazing communities free of unwasted waste and to provide an invaluable service to our customers,? Justin said. ?We do our best to meet the individual needs of our customers by offering flexible, reliable, and cost-effective garbage pick-up services to suit a range of project goals and budgets.?

Along with weekly residential trash pickup services, the company provides options for junk removal and hauling, one-time garbage pickup, renovation waste removal, construction debris removal, appliance or

furniture hauling, and other general waste management services. While the company is well-known for its punctual and professional residential garbage pickup services across Sumter County, it regularly works with local businesses, contractors, property managers, and organizations to help support short or long-term waste removal efforts.

The company provides a free, no-obligation quote for its services so that customers can confidently book with full transparency on pricing, scheduling, and the general process. The company?s rates are as low as $22 per month with a weekly pickup of up to three 30-gallon bags of household garbage. Those interested in weekly residential services can navigate to the company website, click the ?Get Service? tab in the menu bar, and submit the available form to be added to the company?s schedule. The website notes that to complete the online sign-up, the user must pay online or call the office to provide payment information. The customer will not be added to the trash service schedule until payment is received.

Hook Company offers services across Sumter County, including Bushnell, Center hill, Lake Panasoffkee, Sumterville, and Webster, as well as Floral City, Inverness Highlands North, and Inverness Highlands South in neighboring Citrus County. The company will also hold a customer?s account during the winter months at no additional charge if residents leave the area for an extended period of time.

The company has garnered a positive online reputation and currently holds a 5-star rating on its Google business listing with 40 reviews to date. One satisfied customer booked the company?s junk removal services and commented on the quick turnaround time and reasonable pricing. Carol Rouster said, ?Justin was AWESOME. We needed furniture removed quickly due to new furniture arriving. Justin came out the same day and removed all that we needed. Pricing was very reasonable. We won't hesitate to use them again!?

Another positive review notes that the customer has used the company?s services on a long-term basis and will continue to do so. Thomas Williams said, ?I've been with this company for a long time. I have never had any problems with them and my trash has always been picked up when it is supposed to be. This is a great company that I would highly recommend to anyone. Thank you Hook Company for doing a great job for residents of Sumter County.?

Those interested in booking the company?s residential trash pickup service can use the service information form on the website to begin the process. Readers interested in commercial waste pickup, junk removal, or other forms of waste management options are encouraged to contact the company directly via phone or email to learn more.
