

Party Rentals R Us is Ready for Those looking for a Halloween Bounce House in Long Island NY

October 24, 2022

RONKONKOMA, NY - October 24, 2022 -

Party Rentals R Us is one of the leading inflatable suppliers for all different types of Long Island parties and occasions. As proof of this, the company has just announced that it has many Halloween inflatables ready to be placed in people?s yards for this fun, spooky, and festive time of year. This should not come as a big surprise from a company that is located on Pumpkin Street in East Northport, NY. Andre Martins, the owner, and president of Party Rentals R Us says, ?We are in the business of helping add extra fun to the parties and other events that kids of all ages will be attending. The Halloween season is no exception and it?s one of our favorite times of year here at Party Rentals R Us. That?s because we have a large selection of Halloween-themed inflatables that are ready to make the Long Island parties and events that are held around October 31st ones that are happily remembered for a long time by those in attendance.?

Martins went on to describe some of the Halloween inflatables that its customers have to choose from. This includes the ever-popular and gigantic Jack O Lantern Combo Bounce House. It has the size (22'L x 13'W x 13'H) to provide many hours of fun for kids that attend even the largest Halloween gatherings. Its main features are the scary big pumpkin face that rests over the main entrance and its fun slide which runs almost the full length of the inflatable. He added that his company has several other smaller Halloween inflatables

that come with built-out slides too. These are perfect for Halloween parties and events that will have younger children in attendance. Each features a large Halloween-themed sign over the entrance, a house section that kids can jump around in, and a decent-sized slide protruding out next to the front entrance. The company owner and president pointed out that for those that are not interested in having an inflatable with an exterior placed slide for their Halloween festivities, Party Rentals R Us has options for them too. A selection that includes five Halloween 4 in1 Combo inflatables. Once again, a highlight feature of these is the large Halloween-themed signs that are placed over the entrance that may include carved pumpkins, monsters, witches, ghosts, mummies, and maybe even a ?trick or treater? or two. Each also has a generous area inside of them where kids can jump around and play, shoot baskets, or use a climb and slide with bottom safety bumper.

Rounding out Party Rentals R Us Halloween-themed inflatable selection are many bounce house-only options to choose from. These come in both gender-neutral and gender-specific styles. Martins also stated the company's Halloween inflatables are made to be used without water, something that he feels its customers will understand due to the lower seasonal temperatures that occur in New York during Halloween time. The Party Rentals R Us website also features a convenient online reservation form where any of its Halloween inflatables can be reserved ahead of time. Setup and takedown are also included in the base rental price.

The events that this company supplies inflatables and other party rental items for are not limited to only the Halloween season by any means. It has several other themed water slides, dry slides, inflatable obstacle courses, bounce houses, and bounce house combos to choose from for events held year-round. Interactive games, tents, concessions, concession supplies, and other helpful party rental items are also available from this reputable Long Island party supplies provider. According to the company owner and president, they have a wide-ranging service area too. This includes all North Nassau areas such as Glen Cove, Mill Neck, and Syosset; South Nassau communities such as Bethpage, Rockville Centre, and East Meadow; and most locations in both the Eastern and Western Suffolk zones. Those that are interested in learning more about the company's Halloween-themed or other inflatables can contact staff by phone, email, or by visiting the company website.
