October 24, 2022 -
Douglasville, GA-based Paramount Roofing & Consulting is pleased to share that their team has earned the glowing recommendation of many in the community. The company is accustomed to working with homeowners as well as commercial customers, and their work ethic has not gone unappreciated.

A wide range of services is available here, from installation to repair and replacement along with inspections and a variety of other roofing services. Their reliable, comprehensive, and affordable services are tailored to each individual customer?s needs as well. As one recent review shares, ?Otis is very professional and extremely knowledgeable. He was able to explain the issues with my roof in a manner that was easy to understand and repaired my roof within a short period. I will recommend Paramount Roofing and Consulting to anyone needing great service, and I plan on using them for any issues in the future. I had to get my roof replaced and used this same company. My insurance adjuster told me that he felt that Otis was very professional after he spoke with him. The work was done in a timely fashion and the communication with the insurance was seamless. Would definitely recommend using this company.?

The company has more than a decade of experience and they are fully insured and licensed, making them

the top choice for many who are looking for a reliable roofer. Their team of specialists is committed to providing quality service to their customers, which includes industry-leading extended warranty options and a commitment to working with only the top roofing manufacturers in the country. They understand the importance of having a safe and secure roof overhead, which is why they also make it a point to ensure their customers? roofs last many years.

Paramount Roofing and Consulting provides roof installation, roof repair, and more. When it comes to roof installation, they offer a number of material options, from synthetic materials to metal as well as traditional asphalt shingles. The team is trained and certified to execute a wide range of repairs on any roofing system, getting their customers? roofs back into stable condition. Roof tarping, for instance, is meant to protect damaged and vulnerable areas until the roof can be repaired by Paramount Roofing?s roof repair specialists. The company also offers 24/7 emergency assistance, and their team is always happy to help customers fill their insurance claims.

In order to ensure a roof is in good condition, it is important to have it inspected regularly. Most homeowners do not pay attention to the condition of their roofs until they encounter a problem, and it is often the case that the problem has become very serious by this point. Paramount recommends regular roof inspections as proactive maintenance often saves a lot of time and money. A professional roof inspector in Douglasville can often spot problems that the average individual cannot spot and this is an important first step in preventing the need for expensive repairs down the line.

A number of other customers have also left reviews of the company. Natasha H. says in their Google review, ?I had a leak in my roof which caused some water damage inside the home. I put a claim in to my insurance and the process began. Otis, with the company, called and scheduled to come out to inspect the roof. He was very professional and thorough. He wrote up the inspection and sent it off to my insurance and within a day the ball was rolling. Curtis, who also works with Paramount, came to home and brought a color sample pallet on Saturday. I made my decision, and the roof was done on Thursday. I loved the way they answered any questions and stayed on schedule. I would definitely recommend their services.?

Another 5-star Paramount Roofing & Consulting customer review from Jessica H. says, ?Paramount Roofing has done an exceptional job on my roof replacement. No one wants to go through this; however, they made the process seamless by offering flexibility and multiple options. I appreciated the assistance with my insurance company and through pre and post inspection. I would definitely recommend this company.?
