October 31, 2022 - PRESSADVANTAGE -

AL based Daphne Toy Box Storage is pleased to announce that they have opened a new RV storage facility in Daphne, Alabama. Daphne Toy Box Storage is considered by many to be the top choice for local storage units in the area, providing space for all types of objects and items, including cars, boats and more.

Daphne Toy Box Storage says, "As much as we wish it was camping or traveling season all the time, that is not the case" and when you are not camping or traveling, finding a place to store your beautiful RV can be quite troublesome. RVs are large and take up a lot of space, so parking them at your home isn't really an option. Outdoor RV storages can be convenient, but can they really keep your beloved RV as pristine as you would like? That's where Daphne Toy Box Storage comes in. We provide the best indoor RV storage solutions in Alabama, and we are pleased to announce that we have opened a new RV storage facility!"

As the company explains, while RVs are durable, leaving them outside to weather the elements over a long period of time can severely affect the vehicle. Considering how pricey RVs can be and how feature-filled, it would be a disservice to an RV to use long-term outdoor storage. With Daphne Toy Box Storage's indoor facilities, there are no such concerns. The company guarantees the safest RV storage in Baldwin County.

Daphne Toy Box Storage's RV storage facilities have sizes available to fit pretty much every type of RV on the market. Owners of smaller coaches can use the company's 18x35 units, which will still leave plenty of room for access. For larger class coaches or campers, the company offers a sizable 18x50 option. Depending on the preferences and needs of the owners, the storage units come with electricity and air conditioning to control the humidity inside the unit. The storage units even come with water access to help maintain the RV before storing after use. All units boast huge roll up style doors for the RV as well as standard doors for ease of access.

Daphne Toy Box Storage also goes further to ensure the safety and comfort of RV owners. All of the company's facilities have 24 hours a day access via secure keyed entry codes. In addition to that, the facilities are also under 24/7 video surveillance. Coupled with the high fencing and stark lighting around the perimeter, the security of the stored RVs is guaranteed. The facilities are large, spacious and paved. Daphne Toy Box Storage also maintains contracts with pest control to help keep critters out of their facilities and ensure further maintenance of the RVs.

The company says, "Whatever type of RV you are looking to store, you can rest assured that Daphne Toy Box Storage has the perfect solution for you. You can book a unit directly from our website, but if you want any help choosing the right unit or have any other questions or concerns, feel free to call our office, and we would be glad to help you out."
